FRANCE'S ATTITUDE DENOUNCED BY JAPS

Claim That French Are Aiding The Russians.

HAVE IGNORED NEUTRALITY LAW

Newspapers of Mikado's Empire Severe in Their Denunciations—Japan Will Issue the Fifth Domestic Loan of $50,000,000.

Tokio, April 19.—Discussing the presence of vessels on the Russian second Pacific squadron at Kamranh bay, on the east coast of French Cochin China, Jiji Shimpo declares that the use of the island of Madagascar by the Russian squadron was a direct and prolonged violation of the principle of neutrality but on account of the distance Japan in that instance simply lodged a protest.

The paper, however, insists that Russia is now using Kamranh bay as a base for action against her opponent and says she intends to use is at a point for effecting a junction with the remaining division of the squadron.

"If the use of Kamranh bay is continued," the Jiji Shimpo adds, "Japan must regard its neutrality as completely ignored and Japan will not be obliged to respect its neutrality."

The Jiji Shimpo further declares that France is lending the Russians efficient assistance, thus actually joining issue with Russia against Japan and that it is now necessary for Japan to notify Great Britain and obtain her co-operation according to the terms of the Anglo-Japanese alliance.

"Protests," the paper asserts, "are unavailing. The time for action has come."

The Nichi Nichi today says France has been a party to keeping the location of the Russian squadron a secret and adds that France does not observe the 24-hour rule. But, the Nichi Nichi continues, the spirit of neutrality affords no excuse for extending such hospitality to a belligerent squadron and it expresses the hope that France will take steps to abide by her obligations and duties as a neutral power. The Asahi Shimpu asserts that France has deliberately kept the present of the Russian squadron a secret. The paper expresses regret at the fact, and hopes the government of Japan will act decisively.

Declares France Is Neutral.

Paris, April 18.—3:15 p. m.—The French government has taken every precaution to secure the observance of neutrality in French matters in Indo-China. To this end instructions have been sent to M. Bau, governor general of Indo-China again calling his attention to the regulations concerning the observance of neutrality issued at the outset of the war. These are identical with the neutrality rules in force during the Spanish American war. It is believed that Admiral de Jonquires, comander of the French naval forces at Saigon, in proceeding to Kamranh bay, where part of the Russian second Pacific squadron has been seen is following the government general's instructions. The latter were not the result of the report that Japan contemplated making representations on the subject as no such action has thus far been ordered and France has from the outset acted voluntarily in seeking to maintain the neutrality of her waters.

Concerning the statement in the Associated Press dispatch from Tokio yesterday that the international statutes of the waters of Kamranh might determine the question of Admiral Togo's attacking the Russians there the official view prevails here that there are no international obstacles to prevent the Japanese adopting such tactics as their naval situation requires.

News from Japanese Capital.

Tokio, April 19.—The navy department today declared Tsugara straits a zone of defense, with the usual maritime restrictions.

It is expected that subscriptions for the fifth domestic loan will be opened on May 1. The amount of the loan will be one hundred million yen, equivalent to about $50,000,000, and the conditions will be similar to those of the fourth domestic loan.

Japanese Domestic Loan.

New York, April 19.—In discussing the new Japanese domestic $50,000,000 reported to have been just issued, the Tokio Tocho correspondent says the fund is to be used for the purpose of withdrawing from circulation a part of the large sums in notes paid out in connection with the war. The proceeds of the recent London-New York loan are to be applied to payments abroad for the purpose of avoiding a reduction of the central banks' specie reserve.

The arrangements for financing the war during the current year are now complete. It is stated that the circulation of the Japanese war notes in Manchuria is now thoroughly satisfactory. The sum outstanding is about $27,000,000, and the notes are now on a par with silver, whereas a discount of 10 to 20 per cent existed before the battle of Mukden.

D. A. R. IN ANNUAL SESSION.

Much Interest Is Taken in Regard to Election of a President.

Washington, April 19.—Interest of the Daughters of the American Revolution convening today centered on the preliminary campaign of the candidates for president general of the society. Mrs. George M. Sternberg, of this city, Mrs. Donald McLean of New York and Mrs. Charles Warren Lippitt, of Rhode Island, are the active candidates. The friends and adherents of each are leaving nothing undone that might promote the interests of their favorites.

The election will take place tomorrow morning, but it is not possible at this time to definitely forecast the result. Active work in support of the candidates was the absorbing feature of the assembling of the congress yesterday. Friends of the several candidates worked throughout the day and everything among the delegates securing pledges of support and meeting any arguments that were advanced against the availability of their candidates. The contest while earnest was not characterized by the bitterness which has been manifest in some previous campaigns for president general and it seems well assured that the successful candidate will receive the cordial support of the society's membership.

Completion of continental memorial hall is figuring prominently in the campaign, the desire of all the delegates being to elect a woman as the head of the organization who will carry forward to the best advantage the work begun so auspiciously by Mrs. Fairbanks, the present president general. When the members began to assemble in the hall today the campaign work was resumed with vigor.

STEEL PLANT FOR CHINA.

Many New Rolling Mills and Blast Furnaces To Be Built.

New York, April 19.—Important contracts have been closed for the American equipment of the first steel mill to be built in China, and for Japanese steel wire drawing rolling mill and blast furnace plants.

A Cleveland, O., firm secured the contract through its New York office. The work entails an expenditure of upward of $1,000,000. The company, which is to build a plant in the vicinity of Shanghai, has ordered a lot of machinery necessary to electrically operated furnace charging equipment. The contract for the Japanese steel wire drawing mill is the first of its description ever placed in the far east. Another Japanese contract calls for all the machinery necessary to go in a large rolling mill and blast furnace to be built in connection with the government arsenal at Kure.

Big Lumber Company Formed.

Mobile, Ala., April 19.—The Cotton Belt Lumber company was incorporated here for $1,000,000. They will buy and sell lumber, operate mills, manufacture turpentine and do a general exporting business. Principal office will be in Mobile. Incorporators are Archelaus S. Tyrrell, Willis H. Bennett and Theodore Emery, all of Chicago.

MASONS CELEBRATE GOLDEN JUBILEE

One Of the Greatest Masonic Conventions Ever Held.

DEDICATION OF THE NEW HOME

Convention Will Be Held in New Temple and High Masons from All Over the World Will Participate in the Deliberations.

Chicago, April 19.—Members of the Masonic Order assembled here today to celebrate the Golden Jubilee of the Oriental consistory. Besides being one of the greatest Masonic conventions, the event marks the dedication of the new home of the Oriental consistory on Dearborn avenue and Walton Place, said to be the finest building of the kind in the world.

Assembled within the new temple today were high Masons from all over the world. Members of the order are here from England, Turkey and France, from the Hawaiian islands and from Cuba.

The convention is the fifth anniversary and the one hundredth convention of the Ancient and Accepted Scottish Rotes of the valley of Chicago.

The session will last three days, ending with a grand banquet Thursday night, at which Governor Dineen and Lieutenant Governor L. Y. Sherman, both members of the consistory, will be speakers.

SELECTING THE JURYMEN.

Third Trial of Nan Patterson Is Proceeding Very Slowly.

New York, April 19.—After many annoying delays Nan Patterson today for the third time, went into court to stand trial on an indictment charging her with the murder of Caesar Young a wealthy bookmaker.

The first two juries which the young woman faced were in the supreme court, but the present trial is taking place in the court of general sessions before Recorded Goff. It was expected that the case would be called promptly upon the opening of the court today, but an unfinished burglary trial had the right of way and the opening was delayed for several hours.

As soon as the burglary case was disposed of Miss Patterson was brought into court and her trial began.

The court room was filled with a special panel of 200 talesmen and a crowd packed the corridors. Counsel for each side was allowed 30 challenges.

Charges Against Smith and Wife.

New York, April 19.—District Attorney Jerome by affidavit made the open charge before Judge Foster in the court of genral sessions today that J. Morgan Smith and his wife, Julia for nine months were kept out of the jurisdiction of the New York courts by advice of counsel.

Mr. Jerome said he had the information in writing.

Aged Columbus Man Dies.

Columbus, Ga., April 19.—Jesse Allen, aged 103, died here Monday. He was the oldest white citizen of Columbus, and was a veteran of the Indian Mexican and civil wars. Up to a year ago he was surprisingly vigorous and until a few months ago prepared his own meals. He lived practically alone. He was a member of Camp Benning, United Confederate Veterans. Members of that organization will have charge of the funeral, which will take place tomorrow morning.

Ten-Hour Law Unconstitutional.

Washington, April 19.—In an opinion by Justice Peckham the supreme court of the United States held to be unconstitutional the New York state law making ten hours a day's work and 60 hours a week's work in bakeries in the state. Justices Harlan, White, Day and Holmes dissented and Justice Harlan declared that no more important decision had been rendered in the last century.

EMIGRANTS FOR THE SOUTH.

South Carolina Has Established an Office in New York City.

New York, April 19.—An office has been established here by the state of South Carolina for the purpose of obtaining its share of this city's surplus labor. Colonel E. S. Watson, state commissioner of imigration formally opened the headquarters.

"We care looking not alone to the rehabilitation of agricultural interests in South Carolina," he said, "but to the broader mineral field in which we have valuable properties. We are offering good investment for capital, and the state is seeing that they are safe. We are likewise offering goods cheap to those looking for homes, and offering employment to agricultural laborers, servants and the like in positions wherein they will have opportunity to save their earnings and in a few years become independent.

"I believe we are solving one of the great economic problems of the country in a peaceful and desirable solution of the negro problem and in assisting the general government to avoid many of the vexatious questions accompanying the great influx of foreigners which has become a menace to the large centers of population."

INVESTIGATE TRADE RELATIONS

Meeting In New Orleans Being Held by Commissioner Bristow.

New Orleans, April 19.—Business interests of New Orleans are inconference today with special commissioner, J. L. Bristow, who was appointed by the president to investigate trade relations between the United States and Europe and the western coasts of central and South America and over the isthmus of Panama.

While here he will ascertain what interest New Orleans has in transportation by way of Panama particularly in the matter of transportation of canal supplies and the transportation of commercial freight to all points on the Pacific coast of the United States Central and South America. It was explained to Mr. Bristow that the board of trade especially desired an opportunity to bid on all the contracts of the government and then to have equal transportation facilities with New York, even if the transports of the government have to be put in service between New Orleans and the isthmus. Mr. Bristow will visit other gulf ports on his present trip.

INTIMIDATING STATE'S WITNESS

Sensational Charges Made In the Famous Hargis Trial.

Lexington, Ky., April 19.—A sensation was created in the Hargis murder trial today by Sheriff Wilkerson reporting to the court that certain friends of the Hargises were endeavoring to intimidate and abuse the witnesses for the state. The court commended Wilkerson and warned the men against persisting in the attempt.

According to the story told to the court, the friends of Hargis were abusing the witnesses in the corridor when Sam Jett, a friend of Cockrill interfered. Hot words ensued, and the sheriff ordered the men out of the court house. Later they met Wilkerson and upbraided him for being against the Hargises. The officer told them he would make it hot for any man who started any reports that he sympathized with either side, and warned them not to repeat the story.

The court publicly commended the officer.

The testimony of the witnesses for the state was resumed this morning.

Miss Alice Roosevelt to Wed.

Washington, April 19.—The announcement that Miss Alice Roosevelt is soon to be the guest of Mrs. Longworth, at Cincinnati, has revived the gossip about the probability of the daughter of the president marrying "Nick" Longworth, the son of her hostess, who is a popular member of congress. "Nick" Longworth is a member of the social set in which Miss Roosevelt has figured, and is a good sort of a chap, whose money—has lots of it—has not spoiled him. He has as little hair on top of his head as John D. Rockefeller; and while his fortune is not as great as that of the Standard Oil King, he has enough to keep the wolf from the door.

MANY TERRORISTS ARRESTED IN RUSSIA

Capture Believed To Be a Very Important One.

DETECTIVES NAB ENTIRE GANG

St. Petersburg Authorities Much Elated Over Their Success in Laying Hands on Bomb Throwers—Prominent People Concerned.

St. Petersburg, April 19.—Gradually many interesting details surrounding the recent arrest of a band of about a dozen terrorists are leaking out.

The capture, which is regarded by the authorities as being of immense importance, was accomplished by Kashovsky, the Russian lecocq who was dismissed from the secret police service several years ago on account of his connection with Philipe the Spiritualist, who created such a stir at court several years ago and who, too, went to Paris to live.

Governor General Trepoff on his appointment as governor general of St. Petersburg, induced Kashovsky to return to St. Petersburg and within two weeks the detective captured the entire band which had been operating here under the direction of the central organization which apparently has its headquarters in Switzerland. Alfred Henry McCullough, the man killed on March 11, by the acidental explosion of a bomb at the Hotel Bristol, whose real name was Rauman, was one of the chiefs of the terrorists having charge of the manufacture of bombs, and Kalieff, who killed Grand Duke Sergius, also belonged to the same group.

After Rauman's death Kalieff's duties devolved upon Mlle. Leontieff, daughter of General Leontieff, who recently was appointed goverbor of Yakutsk, eastern Siberia.

Mlle. Leontieff became a convert to the terrorists during her stay at Lucerne, Switzerland. Kalieff's identity was uncovered by the discovery of photographs belonging to Savinkoff, who had been his comrade both at the University and in exile. When Kalieff was charged with his identity he admitted it, saying immediately

"Savinkoff has been arrested."

The police later thought they had captured Savinkoff and so announced it publicly, but it turns out that the man held under that name was another, and that Savinkoff, to whom Kal[illegible] evidently had confided his intention of killing Grand Duke Sergius, is still safe abroad.

Investigating Negro's Death.

Wheeling, W. Va., April 19.—The steamer Queen City, with a large passenger list, was tied up at Bellaire, O., today while the coroner held an inquest into the death of Fred Horton, negro, of Cincinnati, alleged to have been kicked into the river from the Queen City Sunday. The verdict will not be returned until the boat's officers are examined. Police officers from Bellaire, O., boarded the Queen City here on her way down, and when the steamer reached Bellaire, arrested Mate M. J. Donelly, who is charged with kicking Horton. The entire crew was also taken to the magistrate's office. Meanwhile the steamer was tied up and the passengers are greatly annoyed.

Fatal Rush for Free Tickets.

Indianapolis, April 19.—No deaths have been added to the list of four boys who lost their lives in the crush of newsboys in the stairway of the Masonic building last night eager to obtain free seat checks for a performance at the Unique theater. But the revised list of injured shows that no fewer than 50 were more or less injured. Of this number about 25 are seriously crushed, and the death list may be changed. Many of the boys who were unconscious when taken from the mass of humanity jammed and heaped in the stairway, soon revived and were able to go to their homes without assistance. Many of the little fellows sold the newspaper extras on the catastrophe and others went to the theater.

TUESDAY'S WORK AT THE CAPITAL

Prohibition Bill Killed on Third Reading.

HOUSE AND SENATE SESSIONS

Many Important Measures Were Introduced, Some of Which Were Reported Upon Favorably, Others Unfavorably—Gainesville Charter Bill.

Tallahassee, April 19.—In the House Tuesday morning the committee to arrange for the trip to Pensacola at the invitation of the Chamber of Commerce, and to see the United States naval fleet, reported that low rates had been secured, and those desiring to take the trip would leave Tallahassee Friday afternoon, returning Monday. The report was adopted.

A resolution by Mr. Rawls of Leon, for a joint committee to visit the Colored Normal School at Tallahassee, was passed by the House.

Introduction of Bills.

The following new bills were introduced and referred:

By Mr. Rosborough of Alachua—To provide annuities for soldiers and sailors, and the widows of deceased soldiers and sailors of the State of Florida.

Also a bill to provide for the levy of a pension tax for 1905 and 1906, and to provide for the payment of pensions. This bill fixed the State tax levy for pensions at 4 mills for each of the years 1905 and 1906.

By Mr. Matthews of Bradford—To extend powers of Railroad Commission, so as to give them power and authority to regulate telegraph companies and telegraph charges for transmission of messages, the same as now vested in them to regulate railroads.

By Mr. Olmstead of Brevard—To provide for the creation of St. Lucie county, and for the organization and government thereof.

By Mr. McElroy of Levy—To amend law relative to carrying concealed weapons.

By Mr. Blanton of Madison—To repeal laws relative to appointment, compensation and duties of fish commissioners.

By Mr. Sistrunk of Marion—To amend law relative to working of convicts on public roads of the State.

By Mr. Roberts of Monroe—To amend Revised Statutes in relation to record and conveyances of real estate.

By Mr. Watson of Osceola—To provide system of opening roads in Osceola county.

By Mr. Wall of Putnam—To require the trustees of Internal Improvement Fund to pay into the State treasury all moneys now or to come into their hands as such trustees.

By Mr. McCallum of Walton—To prohibit carrying of concealed weapons.

Return of Battle Flags.

The joint committee to prepare program for the celebration of the return of Confederate flags by the United States to this State presented its report, suggesting a program of exercises for the occasion, to be held in the Hall of Representatives on May 2 at 10:30 o'clock.

Considerations of Bills.

By a vote of 18 to 46 the House refused to reconsider the vote on Mr. Noble's bill to provide for the erection of a governor's mansion.

The House passed the Senate bill, by Mr. Massey, relating to the assessment and collection of taxes by the city of Orlando.

The House bill to amend Chapter 4975, Laws of Florida, relative to a standard of weights and measures for the State, changing the standard weight for a bushel of sweet potatoes from 60 to 55 pounds, was passed, 46 to 12.

Mr. Sistrunk's bill for the relief of Marion county, appropriating $3,860 for rent of armory in Ocala from 1890 to 1904, caused considerable discussion. Mr. Sistrunk eloquently and forcibly presented the merits of this measure, making one of the strongest short arguments heard in the House this session, and in spite of the bill having been unfavorably reported, Mr. Sistrunk succeeded in passing it through the House, by a vote of 38 to 23.

In the Senate.

When the Senate convened the following new bills were introduced:

By Senator Crane—To legalize and validate a certain bonding ordinance and bonding election of the city of Tampa.

By Senator Sams—To amend the law for the preservation of wild deer, birds and other game, allowing but twenty quail per gun and three turkeys per day.

By Senator Massey—Providing for a local system for road work in Osceola county.

By Senator Neel—To amend the law relating to the intermarriage of white and colored persons.

By Senator Scott—To repeal the law providing for the payment of attorneys' fees in garnishment cases.

By Senator Davis—For the relief of S. F. Horsey, M. D., as agent of the State Board of Health for Nassau county.

By Mr. McCreary—To regulate the abolition of special tax school districts; also to regulate the attendance of pupils in special tax school disiricts; also a bill extending the limits and powers of the city of Gainesville.

By Senator Crane—To authorize and regulate the appointment of trust companies in certain cases.

Concurrent Resolution No. 11—It was resolved by the Legislature to accept the invitation of the Pensacola Chamber of Commerce to visit that city during the presence of the United States warships, and Friday, the 21st inst., was designated as the time for departure, returning not later than Monday.

Bills on Second Reading.

The following disposition was made of bills on second reading:

Mr. Faulkner's bill for the protection of those who have stock killed or injured by another, with or without malice toward the owner, or not having a lawful fence, was ordered engrossed.

Mr. Wilson's bill to limit the amount of bonds that may be issued by any city or town for municipal purposes, was ordered engrossed.

Mr. Blount's bill to define tenacies at will, and to prescribe the mode of terminating them, and to define the status of persons holding over under a written lease after the expiration of the term created thereby, was ordered engrossed for its third reading.

Mr. Crew's bill to amend Chapter 4032, Laws of Florida, the same being an act in relation to obtaining money, or any other personal property, under false promises, or for violation of contracts, and providing penalties therefor, and to prescribe a rule of evidence in such cases, passed its second reading and was ordered engrossed.

Mr. Jackson's bill fixing a penalty for cutting timber on the land of another, was indefinitely postponed.

The Senate adopted the judiciary committee amendment to Mr. Zim's bill enjoining clerks of courts from recording conveyances and mortgages of real estate that fail to comply with the provisions of this act, which was ordered engrossed for its third reading.

Mr. Brown's bill authorizing the county of Marion to issue county warrants for the purpose of remodeling the court house of Marion county, was ordered engrossed.

Judiciary committee amendments to Mr. Zim's bill prohibiting the exaction or the acceptance of a reward, compensation or remuneration by public officers or appointees for the performance, non-performance or violation of any act, rule or regulation that may be incumbent upon them to administer, perform, execute or have executed, were adopted and the bill advanced to its third reading.

Mr. Carter's bill to prohibit the transportation of spirituous, vinous or malt liquors by express companies, railroad companies or other common or public carriers, person or persons, operating drays, hacks, or other vehicles for transport into any county or counties in the State of Florida which have voted against selling spirituous, vinous or malt liquors, met its death on its third reading by a vote of 4 to 26.

The special order for the morning session was consideration of Mr. Scott's bill to repeal the law making incurable insanity a ground for devorce.

Senator Bailey made a speech in advocacy of its passage, after Senator Harris had explained the reasons for an unfavorable report from the judiciary committee. Senator Scott spoke but briefly in advocacy of his bill. On roll call the bill was passed by a vote 22 to 8, and certified to the House.

The Senate then resumed consideration of bills on their third reading. Mr. Harris' bill to change the law relating to the appointment of foreman of grand jury, making it the rule for the presiding judge to select foremen of grand juries, was killed by a vote of 10 to 20.

Senator Massey's bill to amend sections 2434, 2435, 2436 and 2437 of the Revised Statutes of 1892, relating to breaking and entering a dwelling house, other building, ship, vessel, or railroad car, and entering without breaking a dwelling house, other building, ship or vessel, was passed 31 to 0.

Senator Wilson's bill to validate the contracts of persons over the age of 18 years and under 21 years old in cases where entered into through the misrepresentation of the infant as to his age, was passed 19 to 1.

Senator Massey's bill to provide for the purchase, safe-keeping and maintenance of trained bloodhounds for use in the pursuit of criminals, was passed by a vote of 23 to 8.

After an intermission of ten minutes, during which time the Senate voted for a United States Senator, consideration of bills upon their third reading was resumed.

Senator Crill's bill, entitled an act establishing a geological survey for the State of Florida, to provide for the appointment of a State geologist and to define his duties; also to provide for the maintenance of the survey, was passed by a vote of 26 to 1.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Sold by J. W. McCollum & Co.

A HOPELESS FIGHT

It is as impossible to conquer the king of diseases—Contagious Blood Poison—with Mercury and Potash as it would be to conquer the king of the forest in a hand-to-hand encounter, as thousands who have had their health ruined and lives blighted through the use of these minerals will testify. They took the treatment faithfully, only to find when it was left off, the disease returned with more power, combined with the awful effects of these minerals, such as mercurial rheumatism, necrosis of the bones, salivation, inflammation of the stomach and bowels, etc. When the virus of Contagious Blood Poison enters the blood it quickly contaminates every drop of that vital fluid, and every muscle, nerve, tissue and bone becomes affected, and soon the foul symptoms of sore mouth and throat, copper-colored blotches, falling hair and eyebrows, swollen glands, sores, etc., make their appearance. Mercury and Potash can only cover up these evidences for awhile; they cannot cure the disease. S. S. S. has for many years been recognized as a specific for Contagious Blood Poison—a perfect antidote for the deadly virus that is so far-reaching in its effects on the system. S. S. S. does not hide or mask the disease, but so thoroughly and completely cures it that no signs are ever seen again. S. S. S. while eradicating the poison of the disease will drive out any effects of harmful mineral treatment. A reward of $1,000.00 is offered for proof that S. S. S. contains a mineral ingredient of any kind. Treatise with instructions for home treatment and any advice wished, without charge.

ODD FELLOWS CLOSE SUCCESSFUL SESSION

Three Days Spent in an Enjoyable Session in Gainesville.

GRAND OFFICERS ELECTED

Last Day of the Session Was Full of Interest—Many Points of Importance Being Raised—Pensacola to be Next Meeting Place.

The last day of the session of the Grand Lodge, Independent Order of Odd Fellows, was spent strictly in business, with the exception of the reception which was held at the Dormitory of East Florida Seminary in the evening, complimentary to the delegates, the Rebekahs and all other members of the order and their families and immediate friends.

The business session of the Grand Lodge was called to order at 10 o'clock Wednesday morning, and the session lasted until noon. At 3 o'clock the meeting was again called to order.

Among the important business transacted during the afternoon session was the selection of the next place for holding the meeting of the Grand Lodge. It was unanimously decided to hold the next meeting at Pensacola.

Officers for the ensuing year were elected as follows: A. C. Brinkley, Pensacola, Grand Master; L. J. Lester, Tampa, Deputy Grand Master; J. W. White, Jacksonville, Junior Grand Warden; A. M. Cushman, Gainesville, Grand Secretary; George Branning, Palm Beach, Grand Treasurer; W. E. Bailey, Satsuma Hights, Grand Marshal; B. A. Abernathey, Orlando, Grand Conductor; George T. Self, Fernandina, Grand Chaplain; S. Shugart, DeFuniak Springs, Grand Guardian; George R. Pierce, Grand Herald.

The Grand Lodge could not complete their work in the afternoon session, and Wednesday night concluded their session. At the conclusion they proceeded to the Dormitory of the East Florida Seminary, where they were entertained by the members of the order and their friends.

The Grand Lodge of Odd Fellows have enjoyed a fine and successful session here, which will go down in the history of the order.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

DON'T GROW OLD.

Why Some Women Are Old and Gray at Thirty and Others Fresh and Youthful at Fifty.

Female disorders sap the life and beauty and freshness of youth from women with astonishing rapidity.

Because their ailments seem not serious, because they are not bedridden and because death does not immediately stare them in the face, many women neglect the conditions when first noticed and allow themselves to become chronic sufferers from one or more forms of female weakness.

G. F. P. (Gerstle's Female Panacea) positively cures every description of female troubles.

It is purely vegetable, pleasant to take and prompt and vigorous in action.

In cases of prolapsus (falling of the womb), difficult, suppressed or painful menstruation, leucorrhoea, or ovarian troubles, its effects are simply marvelous.

We do not care what your doctor has told you, or what remedies you have tried—G. F. P. will positively, surely and quickly restore you to perfect health and strength.

You don't have to take our word for this. Buy a bottle from your druggist today, take it as directed, and if it has not benefited you, return the empty bottle, and he will instantly refund your $1.00. If your druggist cannot supply you, send the Gerstle Medicine Co., Chattanooga, Tenn., one dollar and they will ship prepaid to your address upon the same generous conditions.

Thousands of Women ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that It Really Does Make Sick Women Well

Thousands upon thousands of American women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatment for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished its widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the uterine system, positively CURING disease and displacements and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it will effect a cure.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration, or the blues, should take immediate action to ward off the serious consequences and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Anyway, write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.

NEWS OF CITY AND COUNTY CONDENSED

After spending a couple of months pleasantly at the home of Mrs. L. A. Ivanstier, Mrs. H. F. Dutton of Manchester, N. H., departed for her home Tuesday. She is well pleased with Gainesville and expresses her determination to return early next season. She made many friends here who will be glad to welcome her again.

H. A. King of Saco, Putnam county, was registered at the Brown House yesterday. Mr. King is one of those modest fellows who will never boast of his prosperity, but he is one of the most successful fruit growers in his county. He was here in a short attendance upon the meeting of the Grand Lodge of Odd Fellows, the membership to which he is eligible. He is an old friend and acquaintance of the city editor of The Sun, who has known him for several years.

General Barry to Join Russians.

Atlanta, Apr. 19.—Gen. Thos. H. Barry, commander of the department of the gulf, who was recently detailed by the authorities in Washington to go to Manchuria to join the Russian army under General Linevitch, will leave Atlanta in a short time as it is his intention to sail from New York for Europe about May 6. General Barry will spend a short time with his family, which is now in Berlin, before going to the scene of war and from Berlin will probably go to St. Petersburg, where he will secure his credentials. He will reach the Russian army about July 1.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

"BLOOD ON CALVARY."

Old Colored Mammy's Voice Was Distinct for Thirty Miles.

The service of the East Florida Telephone Company is one of perfection, and patrons of the line have no "kick" in this direction. The instruments are first-class, and the sounds are as distinct as if the persons were talking within a few feet of each other.

The reporter had occasion Tuesday to call up Rochelle, and while waiting for an answer, enjoyed a rich melody of that famous hymn, "Blood on Calvary," which was being rendered by some old "mammy" of the ante-bellum type at a home near Hawthorn. The reason the reporter knew it was a colored voice was by the accent, and the reason he knew it came from near Hawthorn was because of the fact that it was the only point on that line where a telephone was located in a residence.

It was surmised that this "mammy" was rocking a baby to sleep, as the vibration of the rocker could be plainly heard, so sensitive was the line. It was so natural that one could imagine seeing the dear old woman as she rocked with the baby closely nestled to her breast.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

Warned of Iceberg by Wireless.

New York, April 19.—The White Star line steamship Cedric, which arrived yesterday from Liverpool, reports seeing very large icebergs in latitude 41, longitude, 54, and along the channel pass for several miles. The Cedric was forced to sail several miles out of her course and to run at about half speed for a day and a half owing to ice and fog. The heaviest fog was on Thursday, when it was impossible to distinguish a person amidship from the bridge. Captain Haddock received wireless messages from the steamships St. Paul and Caledonia warning him to keep a watch for ice bergs and to lower his speed.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

OUR PHILIPPINE SUBJECTS.

The following interesting information regarding Uncle Sam's subjects in the Philippines has been boiled down by that progressive journal, The Birmingham Age-Herald:

"The census bureau reports that in 342 islands of the Philippines there are 7,635,426 people. About 9 per cent of that number are considered uncivilized. The population is about three times as dense as that of the United States proper. All are natives except about 50,000, and three fourths of the foreigners are Chinese. The 'Americans' in the islands number 8,135. The rest of the population would be Americans also if the supreme court had not decreed otherwise.

"The islands are practically inhabited by Malays, the Spanish and the Chinese elements being inconsiderable, and the persons of mixed blood are less than two-tenths of 1 per cent of the entire population. The civilized Malays are all affiliated with the Catholic church, while the Moros are Mohammedans.

"Over one-half of the population can read English, Spanish or a Malay dialect, but comparatively few can read and write—not even one-fifth of the population over ten years of age. There are now 811,715 scholars in 2,962 schools, but only 37 per cent of the children of school age have been enrolled. Eleven per cent of the scholars in the schools understand the English language, and the expenditures for educational purposes are about $1,500,000 a year.

"The census was taken for the purpose of establishing an assembly or parliament to share in the actual government of the archipelago. This assembly need not be elected until 1907. When it is organized it will divide with the commission the responsibility of government. All in all the census reports show that the archipelago has no reason to complain of Admiral Dewey's action on a May-day morning, and when self-government is within the reach of the people, they will no doubt feel that they are treated fairly."

Dr. Wiley, the expert chemist of the federal department of agriculture, says: "Scientific facts and developments give assurance that the average human life of usefulness will be increased to 70 years instead of 40, and that the maximum of ordinary activity will be increased from the present three score years and ten to ninety years. Then there will be more examples of men who have lived properly who will reach a century of life." How old is Doc Wiley?

Man Injured by Bicycle.

Atlanta, April 19.—Roscoe W. Gorman, formerly of Opelika, Ala., but now of Atlanta, was knocked down by a bicycle messenger last night as he stepped from a street car at Peachtree and Pine streets and so badly injured that it is not believed he will live. When Mr. Gorman was knocked down another bicycle rider ran over him and added to the injuries already inflicted. When he was picked up by Dr Gilbert, who was on the car with him he was unconscious, and it was seen at once that his injuries were serious. His skull was severely fractured at the base, and the five physicians in attendance offer no hope of recovery.

Bakers May Go on Strike.

New York, April 19.—The decision of the United States supreme court against the constitutionality of the bakers' ten-hour law will, it is feared, be followed by a strike of 85,000 bakers in the leading cities of the country. Frank H. Harsbecker, secretary of the journeymen bakers and confectioners' union, have declared on hearing of the decision, that there will be a fight all along the line of the bakers' demand for a ten-hour day if refused on May 1. All the union officials in this city declared there would be no let up in the fight for a ten hour law despite the often nullification of the state law.

Soufriere Volcano Is Silent.

New York, April 19.—No activity has been manifested by the Soufriere volcano in the last 24 hours, cables The Herald's St. Vincent correspondent. It is believed the volcano has entered upon another period of rest. Reports from Fort DeFrance, Martinique, say that Mont Pelee, which, on April 13 and 14 showed signs of renewed activity, has again become quiet.

Jefferson Is Nearing the End.

West Palm Beach, Fla., April 19.—Joe Jefferson is very weak. His son, Charles E., says his father has given up. The family have lost all hope for his recovery. He may live a day or two but is liable to die at almost any time. The physicans have little hopes.

Tired Nervous

When you feel languid, tired, nervous and irritable, your vitality is low—your supply of nerve energy exhausted, and your system running down for lack of power,

The organs of the body are working poorly, or not at all, and you are not getting the nourishment needed. This soon impoverishes the blood and instead of throwing off the impurities, distributes it all through the body. This brings disease and misery.

Feed the nerves with Dr. Miles' Nervine, a nerve food, a nerve medicine, that nourishes and strengthens the nerves, and see how quickly you will get strong and vigorous.

"My wife suffered with nervousness previous to a recent attack of typhoid fever, but after her recovery from the fever, she was much worse, and could hardly control herself being exceedingly nervous when the least excited. She was very restless at night, and never had a good night's rest. She also suffered much from nervous headache. Dr. Miles' Nervine was recommended by a friend. After the first three doses she had a good night's rest, and at the end of the first week's treatment she was wonderfully improved. Continued use of Nervine has completed her entire cure."

FIRST RURAL ROUTE HAS BEEN ORDERED

Will Be Known as Bennington Route No. 1, R. F. D.

PEOPLE ARE ENTHUSIASTIC

Those Living in the Country Will Enjoy Privilege of Daily Mail, Which Will Prove Big Advantage—Other Routes to be Established.

The first free rural mail delivery route in Alachua county will be established on May 15, and, inasmuch as this will be a great advantage to people residing in the country, it goes without saying that the service will become popular, and that other routes will be established as soon as possible thereafter.

It will be remembered that a special representative of the rural free mail department of the United States government visited this city and viewed and marked out several routes a few weeks ago. He recommended to the department the establishing of these routes, whereupon an examination was held for the position of carrier.

The Fourth Assistant Postmaster General has notified Postmaster Arnow that the first route would be established, and instructed the postmaster that the service would go into effect on May 15. This route will cover an area of thirty square miles with distance to travel of twenty-seven and three-eighths miles. The number of houses on the route are 188, with a population to be served of 846. The route will be as follows: From Gainesville postoffice to Schafer's bakery, North Gainesville; to J. J. Burton's home; to Ramsey's store; to Beville church; to Wm. Hibbard place; to Rutlege; to home of J. M. Haile; to old Haile place; to Bennington; to Rocky Hill school; returning to Gainesville postoffice.

The regulations as set forth in the United States postoffice department of instruction require that the carrier shall receive a salary of $720 per year, or $60 per month; that he shall leave the postoffice in Gainesville at 8 o'clock every morning except Sunday, and shall make the round trip in eight hours, delivering mail and making collections.

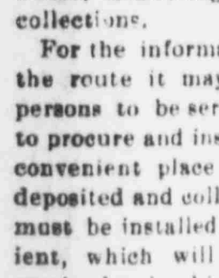
For the information of those along the route it may be stated that all persons to be served will be required to procure and install mail boxes at a convenient place where mail will be deposited and collected. These boxes must be installed at a place convenient, which will not necessitate the carrier leaving his vehicle, as the carrier is not required to do so. Registered mail and special delivery letters will be delivered personally by the carrier to any point within a mile of his regular route, for which the owner will be required to sign a receipt in the regular form.

The carrier will be supplied with the regulation envelope, with the name and number of the route printed thereon for the convenience of the patrons of the route.

Postmaster Arnow requests The Sun to state that the agent for the regulation mail boxes is expected daily. He will bring with him a sample box, and will make a personal canvass of the territory embodied in the proposed route. Those desiring mail delivered will be required to purchase a box at their own expense.

Postmaster Arnow expects that other routes will be established within a few months, as soon as necessary petitions have been secured.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.



Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Cannibals

and savages may delight in seeing SUFFERING, but the highest thought of civilization is to relieve all pain. This can quickly be done with HAMLINS WIZARD OIL.

For internal and external curative action, it has no equal in the entire medical world. It relieves the inflammation which is irritating your nerves, regulates the circulation of the small blood vessels, and, by scientific means, gently but certainly restores your body to health.

You can't be sick, if you ward off the preliminary action of disease microbes, with this greatest of all medicines of modern times. Price 50c and $1.00. Fully guaranteed.

HEALTH IS YOUTH.

Diseases and Sickness Bring Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health—fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Tex., writes April 3, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I highly recommend it." 50c a bottle. Sold by W. M. Johnson.

Micanopy News.

A telephone message from Dr. Crawford of Micanopy Wednesday brings some news from that lively burg.

Dr. Crawford states that, while the weather for the past two or three days has been quite cool, the thermometer going down to about 38 degrees, it is not believed that the vegetables are damaged. The movement of beans is heavy, and cucumbers will soon be moving at a lively rate.

J. A. Crosby has gone to Jacksonville on a brief business trip.

Dr. W. C. Johnson is in Jacksonville, where he is attending the State Medical Association.

Dr. L. Montgomery went to Atlanta Sunday for the purpose of attending the anti-tuberculosis convention, which convened in that city Monday and Tuesday. He will no doubt return via Jacksonville and attend the meeting of the State Medical Association, now in session.

Rev. E. A. Gray of the Methodist church expects to begin a series of meetings in that church Sunday. He will be assisted by able divines, and the meeting will continue for several days.

A telephone message from R. M. Chamberlain of Tacoma states that the recent cold did no damage in that section, and that vegetables of all kinds are looking fine. Mr. Chamberlain has ten acres in beans and seven acres in cucumbers, which are as fine as ever seen in the county. He has been shipping beans for several days, and has realized good prices. He expects within a few days to make his first shipment of cucumbers.

Rheumatic Pains Quickly Relieved.

The excruciating pains characteristic of rheumatism and sciatics are quickly relieved by applying Chamberlain's Pain Balm. The great pain relieving power of the liniment has been the surprise and delight of thousands of sufferers. The quick relief from pain which it affords is alone worth many times its cost. For sale by all druggists.

Memorial Day in High Springs.

Arrangements have been made to observe Memorial Day in High Springs on April 26. Capt. T. H. Willard will make an address, and there will be songs and other exercises suitable to the occasion. The Veterans of Alachua county are cordially invited to attend. A basket dinner will be served at 12:30 in the grove back of the Methodist church. The speaking will be held in the Methodist church, beginning at 2 o'clock, after which a line of march will be formed to the cemetery, where the graves will be decorated.

A Dandy for Burns.

Dr. Bergin, Paua, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

TON CROP WILL BE REDUCED

e of Fertilizer in Mississippi Has Been Less Than Last Lear.

Jackson, Miss., April 19.—The sales of fertilizers in Mississippi this year have not been in excess of those of last season, acording to statements made by the manage of large manufacturing plants.

It is true that shipme during the past three weeks have been very heavy, perhaps exceeding those for the same period of last year, but this is due wholly to the fact that a large majority of farmers delayed the placing of their orders usually sent in during the first three months of the year, and in a large number of instances early orders were canceled.

None of the fertilizer plants in Mississippi have arranged for outputs equal to those of last year, and it would now be a physical impossibility for these concerns to turn out the same volume of products as last season.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen those organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. Sold by J. W. McCollum & Co.

Canal Commissioners Meet.

New York, April 19.—Secretary Taft and members of the Panama canal commission were in session today at the offices of the Panama railroad company. Meetings of the stockholders and directors of the railroad company, control of which is now vested in the government, were to have been held, but they were postponed a couple of hours. Those in attendance at the meeting of the commission include Theodore Shonts, who is at the head of the re-organized commission; Judge Magoon, Colonel Edwards, of the bureau of insular republics; William Barclay Parsons, a member of the old commission, who will probably be retained in the new one and William Nelson Cromwell.

American Fishermen Excluded.

St. Johns, N. F., April 19.—The upper house of the colonial legislature has passed Premier Bonds bill excluding American fishermen from Newfoundland waters. The bill provides that American fishing vessels found within the 3-mile limit of the coast of Newfoundland with bait, supplies or outfit purchased at any other port in the island shall be seized and forfeited, together with their cargoes. The task of proving that the supplies were not purchased in Newfoundland is made to devolve on the captain of the vessel. The bill was amended so as to permit the suspension of its operation at the discretion of the government. The governor's assent through a bill is expected before the end of the week.

Last Hope Vanished.

When leading physicians said that W. M. Smithart of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed. 50c and $1.00 bottles at all drug stores. Trial bottle free.

Cat's Scratch Proves Fatal.

Savannah, Ga., April 19.—Lorenzo Travis Blockson, 50 years old, a wealthy merchant of Punta Gorda, died in one of the local hospitals from blood poisoning. Two weeks ago a pet cat in the store of Mr. Blockson at Punta Gorda, scratched him on the hand. He gave no heed to the slight abrasion and a few days later it began to swell. Blood poison resulted, and he was brought to Savannah and placed in the hospital, where his arm was amputated. The poison had gone through his entire system, however and the operation did not save him. Mr. Blockson leaves a widow.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for lagrippe" say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by all druggists.

Hair and Intellect.

"Did you ever notice," asked an observant woman, "how many intellectual people have auburn hair? At the theater the other night I don't remember noticing a single reddish head of hair among the hundreds of uncovered heads spread out before me. They were the well coifed heads of the average nice woman. The next night I attended a meeting of a very learned society at which there were perhaps 200 or 300 of the brainiest thinkers and educators around town, and without turning my eyes I picked out at least a dozen auburn haired women in the few seats in front of me. Now, that was more than a coincidence. It argues something for the possessor of auburn hair, I should think."

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

King Receives Ambassador.

Rome, April 19.—Henry White, the new American Ambassador to Rome, was received in audience by King Victor Emmanuel. Mr. White was taken to the Quirinal in a gala carriage by Marquis Morea d'Olmo, Master of ceremonies, followed by other court carriages conveying the personnel of the American embassy. After the presentation of Mr. White's letters of credence the king engaged him in a cordial conversation, which lasted half an hour. This afternoon Ambassador White visited some members of the diplomatic corps.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these tablets a trial. Thousands have been benefited by their use. They only cost a quarter. For sale by all druggists.

No Word from President.

Glenwood Springs, Colo., April 19.—Three days have passed since President Roosevelt started on his bear hunt, and no word has been received by Secretary Loeb. This is not considered strange, for the president announced before farewells were said at Newcastle that he would not be in a hurry to communicate unless he had something of importance to send out. Mr. Loeb said today that the courier from the camp will not arrive until tomorrow.

Ballard's Horehound Syrup

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C Stearns, Druggist, Shullsburg, Wis., writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c, $1.00. Sold by W. M. Johnson.

Fifty Men Hurt In Fight.

Cincinnati, April 19.—A Times-Star special from Wheeling, W. Va., says that 50 men were hurt in a fight with 60 non-union men from Pittsburg with 150 strikers from the Whitaker mill. Clubs, stones, knives and pistols were freely used, but the non-union men finally succeeded in getting into the mill. The sheriff succeeded in gaining control.

A Dare-Devil Ride

Often results in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at all druggists.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. DANIEL.

Justice J. A. Chamblin of Archer, one of the most efficient officials in that county, was in the city on business yesterday. Justice Chamblin has many friends here who are always glad to see him. He reports matters at Archer rather quiet now, since the farmers are busy with their crops.

A force of workmen has been engaged for the past two days digging foundations and placing the heavy curbings about the court house square preparatory to laying the vitified sidewalks recently ordered by the county commissioners. Work will begin in a short time, and within the next few weeks the sidewalks about the court house property will be among the best in the State.

A. U. Hilleary, formerly of Micanopy, but now making his home "on the road," was in the city yesterday. Mr. Hilleary is representing John V. Denton & Co., commission merchants, New York, and reports that he is making many consignments. He has just returned from a six weeks' trip to Largo and other points, and states that during this time he has consigned 5,000 boxes of choice oranges, all of which have brought good prices.

F. S. Osteen of Micanopy was in the city yesterday. Mr. Osteen is a naval stores operator, and has enjoyed great success in this field, having one of the most prolific farms in Alachua county. He was en route to Delwood, Jackson county, where he proposes to purchase an interest with his brother-in-law, F. H. Herrin, who is engaged in the same business. Mr. Osteen has no idea of relinquishing his interests in Alachua county, however.

N. Eisenberg of Savannah, the clever traveling salesman for Gustave Eckstein & Co., dry goods and notions, after spending a couple of days profitably and pleasantly here, departed yesterday for Starke. Mr. Eisenberg has been for several years a valued subscriber of The Sun. He is a friend of Gainesville, and has a great deal of confidence in the commercial and industrial future of the city. He never loses an opportunity in his travels to "throw in" a good word for the city and its people, whom he declares are among the best on earth.

Chas. R. Carter, formerly conductor of the Atlantic Coast Line between High Springs, Micanopy and Citra, more recently a merchant of Ocala who disposed of his interests, and again a prospective conductor, was in the city yesterday. Charley, as he is familiarly known, is a popular railroad man. He has been in the business for several years, and, as the old saying goes, "is not fit for anything else," hence we may not be surprised to see him with his long-tail coat and conductor's cap any time. He was quite popular among the people along his run.

FRANCE'S ATTITUDE DENOUNCED BY JAPS

Claim That French Are Aiding The Russians.

HAVE IGNORED NEUTRALITY LAW

Newspapers of Mikado's Empire Severe in Their Denunciations—Japan Will Issue the Fifth Domestic Loan of $50,000,000.

Tokio, April 19.—Discussing the presence of vessels on the Russian second Pacific squadron at Kamranh bay on the east coast of French Cochin China, Jiji Shimpo declares that the use of the island of Madagascar by the Russian squadron was a direct and prolonged violation of the principle of neutrality but on account of the distance Japan in that instance simply lodged a protest.

The paper, however, insists that Russia is now using Kamranh bay as a base for action against her opponent, and says she intends to use is at a point for effecting a junction with the remaining division of the squadron.

"If the use of Kamranh bay is continued," the Jiji Shimpo adds, "Japan must regard its neutrality as completely ignored and Japan will not be obliged to respect its neutrality."

The Jiji Shimpo further declares that France is lending the Russians efficient assistance, thus actually joining issue with Russia against Japan, and that it is now necessary for Japan to notify Great Britain and obtain her co-operation according to the terms of the Anglo-Japanese alliance.

"Protests," the paper asserts, "are unavailing. The time for action has come."

The Nichi Nichi today says France has been a party to keeping the location of the Russian squadron a secret and adds that France does not observe the 24-hour rule. But, the Nichi Nichi continues, the spirit of neutrality affords no excuse for extending such hospitality to a belligerent squadron and it expresses the hope that France will take steps to abide by her obligations and duties as a neutral power. The Asahi Shimpu asserts that France has deliberately kept the present of the Russian squadron a secret. The paper expresses regret at the fact, and hopes the government of Japan will act decisively.

Declares France Is Neutral.

Paris, April 18.—3:15 p. m.—The French government has taken every precaution to secure the observance of neutrality in French matters in Indo-China. To this end instructions have been sent to M. Bau, governor general of Indo-China again calling his attention to the regulations concerning the observance of neutrality issued at the outset of the war. These are identical with the neutrality rules in force during the Spanish-American war. It is believed that Admiral de Jonquires, comander of the French naval forces at Saigon, in proceeding to Kamranh bay, where part of the Russian second Pacific squadron has been seen is following the government general's instructions. The latter were not the result of the report that Japan contemplated making representations on the subject as no such action has thus far been ordered and France has from the outset acted voluntarily in seeking to maintain the neutrality of her waters.

Concerning the statement in the Associated Press dispatch from Tokio yesterday that the international statutes of the waters of Kamranh might determine the question of Admiral Togo's attacking the Russians there the official view pervails here that there are no international obstacles to prevent the Japanese adopting such tactics as their naval situation requires.

News from Japanese Capital.

Tokio, April 19.—The navy department today declared Tsugara straits a zone of defense, with the usual maritime restrictions.

It is expected that subscriptions for the fifth domestic loan will be opened on May 1. The amount of the loan will be one hundred million yen, equivalent to about $50,000,000, and the conditiaons will be similar to those of the fourth domestic loan.

Japanese Domestic Loan.

New York, April 19.—In discussing the new Japanese domestic $50,000,000 reported to have been just issued, the Times Tokio correspondent says the fund is to be used for the purpose of withdrawing from circulation a part of the large sums in notes paid out in connection with the war. The proceeds of the recent London-New York loan are to be applied to payments abroad for the purpose of avoiding a reduction of the central banks' specie reserve.

The arrangements for financing the war during the current year are now complete. It is stated that the circulation of the Japanese were notes in Manchuria is now thoroughly satisfactory. The sum outstanding is about $25,000,000, and the notes are now on a par with silver, whereas a discount of 10 to 20 per cent existed before the battle of Mukden.

D. A. R. IN ANNUAL SESSION.

Much Interest Is Taken in Regard to Election of a President.

Washington, April 19.—Interest of the Daughters of the American Revolution convention today centered on the preliminary campaign of the candidates for president general of the society. Mrs. George M. Sternberg, of this city, Mrs. Donald McLean of New York and Mrs. Charles Warren Lippitt, of Rhode Island, are the active candidates. The friends and adherents of each are leaving nothing undone that might promote the interests of their favorites.

The election will take place tomorrow morning, but it is not possible at this time to definitely forecast the result. Active work in support of the candidates was the absorbing feature of the sessions of the congress yesterday. Friends of the several candidates worked throughout the day and everything among the delegates securing pledge of support and meeting any arguments that were advanced against the availability of their candidates. The contest while earnest was not characterized by the bitterness which has been manifest in some previous campaigns for president general, and it seems well assured that the successful candidate will receive the cordial support of the society's membership.

Completion of continental memorial hall is figuring prominently in the campaign, the desire of all the delegates being to elect a woman as the head of the organization who will carry forward to the best advantage the work begun so auspiciously by Mrs. Fairbanks, the present president general. When the members began to assemble in the hall today the campaign work was resumed with vigor.

STEEL PLANT FOR CHINA.

Many New Rolling Mills and Blast Furnaces To Be Built.

New York, April 19.—Important contracts have been closed for the American equipment of the first steel mill to be built in China, and for Japanese steel wire drawing rolling mill and blast furnace plants.

A Cleveland, O., firm secured the contract through its New York office. The work entails an expenditure of upwards of $3,000,000. The company, which is to build a plant in the vicinity of Shanghai has ordered a lot of machinery including an electrically operated furnace charging equipment. The contract for the Japanese steel wire drawing mill is the first of its description ever let in the far east. Another Japanese contract calls for all the machinery necessary to go in a large rolling mill and blast furnace to be built in connection with the government arsenal at Kure.

Big Lumber Company Formed.

Mobile, Ala., April 19.—The Cotton Belt Lumber company was incorporated here for $1,000,000. They will buy and sell lumber, operate mills, manufacture turpentine and do a general exporting business. Principal offices will be in Mobile. Incorporators are Archelaus S. Terrill, Willis H. Bennett and Theodore Emery, all of Chicago.

FIRST RURAL ROUTE HAS BEEN ORDERED

Will Be Known as Bennington Route No. 1, R. F. D.

PEOPLE ARE ENTHUSIASTIC

Those Living in the Country Will Enjoy Privilege of Daily Mail, Which Will Prove Big Advantage—Other Routes to be Established.

The first free rural mail delivery route in Alachua county will be established on May 15, and, inasmuch as this will be a great advantage to people residing in the country, it goes without saying that the service will become popular, and that other routes will be established as soon as possible thereafter.

It will be remembered that a special representative of the rural free mail department of the United States government visited this city and viewed and marked out several routes a few weeks ago. He recommended to the department the establishing of these routes, whereupon an examination was held for the position of carrier.

The Fourth Assistant Postmaster General has notified Postmaster Arnow that the first route would be established, and instructed the postmaster that the service would go into effect on May 15. This route will cover an area of thirty square miles with distance to travel of twenty-seven and three-eighths miles. The number of houses on the route are 188, with a population to be served of 846. The route will be as follows: From Gainesville postoffice to Schafer's bakery, North Gainesville; to J. J. Burton's home; to Ramsey's store; to Beville church; to Wm. Hibbard place; to Rutlege; to home of J. M. Haile; to old Haile place; to Bennington; to Rocky Hill school; returning to Gainesville postoffice.

The regulations as set forth in the United States postoffice department of instruction require that the carrier shall receive a salary of $720 per year, or $60 per month; that he shall leave the postoffice in Gainesville at 8 o'clock every morning except Sunday, and shall make the round trip in eight hours, delivering mail and making collections.

For the information of those along the route it may be stated that all persons to be served will be required to procure and install mail boxes at a convenient place where mail will be deposited and collected. These boxes must be installed at a place convenient, which will not necessitate the carrier leaving his vehicle, as the carrier is not required to do so. Registered mail and special delivery letters will be delivered personally by the carrier to any point within a mile of his regular route, for which the owner will be required to sign a receipt in the regular form.

The carrier will be supplied with the regulation envelope, with the name and number of the route printed thereon for the convenience of the patrons of the route.

Postmaster Arnow requests The Sun to state that the agent for the regulation mail boxes is expected daily. He will bring with him a sample box, and will make a personal canvass of the territory embodied in the proposed route. Those desiring mail delivered will be required to purchase a box at their own expense.

Postmaster Arnow expects that other routes will be established within a few months, as soon as necessary petitions have been secured.

THE NEWS FROM MELROSE.

Social Season at That Gay Resort About Ended—Personal Notes.

(Crowded Out Last Issue).

Melrose, April 15.—The last meeting of the several societies in Melrose for the present season took place during this week, the Reading Club's being on Wednesday and the Ladies' Literary Society on Friday afternoon. These meetings did much toward making the winter season pleasant to our winter residents and visitors.

Miss K. Mizelle has returned from attending a very successful term at Osceola.

Mr. S. Carnes of Vienna, Ga., was a visitor in town last week.

Mrs. F. E. Baker and Mr. and Mrs. C. C. Shooter and Mr. and Mrs. H. Shooter gave a most enjoyable "at home" at Eden Grove on Thursday afternoon, which was attended by a large number of guests from Melrose and Earleton, the steamer Alert having been chartered by the hosts to bring their Melrose friends. The house was most artistically decorated outside with long, graceful canes of Japanese bamboo, which presented quite a tropical appearance. Inside, the reception rooms were gay with lovely roses and beautiful ferns. After having refreshed themselves with iced punch and grape fruit lemonade, the guests went to look round the grounds and to inspect the shedded groves. Those who had not seen the grape fruit trees before were struck with wonder at the quantity of large, clean and bright fruit still on the trees, about 400 boxes being still to be shipped. On returning to the house an abundant supply of varied delicious refreshments were served, to which ample justice was done by all. Mrs Luttichau presided at the tea table, Mrs. J. W. Johnson, Mrs. S. B. Drew, Miss Darlington and Miss Schneller helping with the salad, ice cream, etc. Afterward, Mrs. C. C. Shooter rendered some delightful music to the appreciative guests, Mrs. Johnson joining her in some German songs. The day was perfect and all had a most enjoyable afternoon.

Mrs. Baker and Mr. and Mrs. C. C. Shooter leave next week for Europe.

Micanopy News.

A telephone message from Dr. Crawford of Micanopy Wednesday brings some news from that lively burg.

Dr. Crawford states that, while the weather for the past two or three days has been quite cool, the thermometer going down to about 38 degrees, it is not believed that the vegetables are damaged. The movement of beans is heavy, and cucumbe s will soon be moving at a lively rate.

J. A. Crosby has gone to Jacksonville on a brief business trip.

Dr. W. C. Johnson is in Jacksonville, where he is attending the State Medical Association.

Dr. L. Montgomery went to Atlanta Sunday for the purpose of attending the anti-tuberculosis convention, which convened in that city Monday and Tuesday. He will no doubt return via Jacksonville and attend the meeting of the State Medical Association, now in session.

Rev. E. A. Gray of the Methodist church expects to begin a series of meetings in that church Sunday. He will be assisted by able divines, and the meeting will continue for several days.

A telephone message from R. M. Chamberlain of Tacoma states that the recent cold did no damage in that section, and that vegetables of all kinds are looking fine. Mr. Chamberlain has ten acres in beans and seven acres in cucumbers, which are as fine as ever seen in the county. He has been shipping beans for several days, and has realized good prices. He expects within a few days to make his first shipment of cucumbers.

Memorial Day in High Springs.

Arrangements have been made to observe Memorial Day in High Springs on April 26. Capt. T. H. Willard will make an address, and there will be songs and other exercises suitable to the occasion. The Veterans of Alachua county are cordially invited to attend. A basket dinner will be served at 12:30 in the grove back of the Methodist church. The speaking will be held in the Methodist church, beginning at 2 o'clock, after which a line of march will be formed to the cemetery, where the graves will be decorated.

ODD FELLOWS CLOSE SUCCESSFUL SESSION

Three Days Spent in an Enjoyable Session in Gainesville.

GRAND OFFICERS ELECTED

Last Day of the Session Was Full of Interest—Many Points of Importance Being Raised—Pensacola to be Next Meeting Place.

The last day of the session of the Grand Lodge, Independent Order of Odd Fellows, was spent strictly in business, with the exception of the reception which was held at the Dormitory of East Florida Seminary in the evening, complimentary to the delegates, the Rebekahs and all other members of the order and their families and immediate friends.

The business session of the Grand Lodge was called to order at 10 o'clock Wednesday morning, and the session lasted until noon. At 3 o'clock the meeting was again called to order.

Among the important business transacted during the afternoon session was the selection of the next place for holding the meeting of the Grand Lodge. It was unanimously decided to hold the next meeting at Pensacola.

Officers for the ensuing year were elected as follows: A. C. Brinkley, Pensacola, Grand Master; L. J. Lester, Tampa, Deputy Grand Master; J. W. White, Jacksonville, Junior Grand Warden; A. M. Cushman, Gainesville, Grand Secretary; George Branning, Palm Beach, Grand Treasurer; W. E. Bailey, Satsuma Hights, Grand Marshal; B. A. Abernathey, Orlando, Grand Conductor; George T. Self, Fernandina, Grand Chaplain; S. Shugart, DeFuniak Springs, Grand Guardian; George R. Pierce, Grand Herald.

The Grand Lodge could not complete their work in the afternoon session, and Wednesday night concluded their session. At the conclusion they proceeded to the Dormitory of the East Florida Seminary, where they were entertained by the members of the order and their friends.

The Grand Lodge of Odd Fellows have enjoyed a fine and successful session here, which will go down in the history of the order.

COTTON CROP WILL BE REDUCED

Sale of Fertilizer in Mississippi Has Been Less Than Last Year.

Jackson, Miss., April 19.—The sales of fertilizers in Mississippi this year have not been in excess of those of last season, acording to statements made by the managers of large manufacturing plants.

It is true that shipments during the past three weeks have been very heavy, perhaps exceeding those for the same period of last year, but this is due wholly to the fact that a large majority of farmers delayed the placing of their orders usually sent in during the first three months of the year, and in a large number of instances early orders were canceled.

None of the fertilizer plants in Mississippi have arranged for outputs equal to those of last year, and it would now be a physical impossibility for these concerns to turn out the same volume of products as last season.

American Fishermen Excluded.

St. Johns, N. F., April 19.—The upper house of the colonial legislature has passed Premier Bonds bill excluding American fishermen from Newfoundland waters. The bill provides that American fishing vessels found within the 3-mile limit of the coast of Newfoundland with bait, supplies or outfit purchased at any other port in the island shall be seized and forfeited, together with their cargoes. The task of proving that the supplies were not purchased in Newfoundland is made to devolve on the captain of the vessel. The bill was amended so as to permit the suspension of its operation at the discretion of the government. The governor's assent through a bill is expected before the end of the week.

GRAND LODGE OF THE ODD FELLOWS

Many Delegates and Rebekahs Are in Attendance.

THE NAOMI TEAM WILL WORK

Will Exemplify Work of Rebekah Degree Tonight and Will Show Colfax Rebekah and Others How It Should Be Done—Many Visitors Here.

From Tuesday's Daily Sun.

The fiftieth annual session of the Grand Lodge of Florida, Independent Order of Odd Fellows, will be called at Masonic Hall at 10 o'clock Tuesday morning, Grand Master Thos W. Ralph of St. Augustine presiding.

As early as Sunday delegates representing the various lodges of the State began to arrive, and during Monday the reception committee from Center Lodge No. 11 were kept busy receiving representatives and arranging for their accommodation.

Representatives Rebekah Degree.

In addition to the parent order, there are many here representing the Rebekah degree. Among the Rebekahs is a working team from Naomi Lodge, Pensacola, and three representatives from Ruth Lodge, Tampa. The team from Pensacola came for the purpose of exemplifying the work with Colfax Rebekah Lodge here, and is composed of the following:

Chas. Friedrichsen, captain; Mrs. M. Vucovitch, P. N. G.; Mrs. F. M. Smith, N. G.; Miss M. Vucovitch, V. G.; Mrs. DeThayer, chaplain; Mrs. A. Lindsey, conductor; Miss Minnie Wood, warden; Miss Bell Brux, R. A. supporter; Mrs. E. Clutter, L. A. supporter; Mrs. M. Olsen, I. G.; Miss Willie Kendrick, F. B. bearer; Miss Addie Jonson, S. B. bearer; Mrs. H. Johnson, T. B. bearer; Miss Mamie Freeman, 4th B. bearer; Mrs. C. Eldridge, R. S. N. G; Mrs. Branum, L. S. N. G.; Miss Idel Everett, R. S V. G; Miss B. Davis, L. S. V. G; Mrs. B. Witvoski, secretary; Mrs. H. Lewis, treasurer; Miss Nietta Elliott, organist; Misses Rosilee Sewell and Cora Abbott, attendants.

The ladies representing Ruth Lodge, Tampa, are Mesdames John Dean, J. M. Henderson and Miss Jennie Ireland.

List of Representatives.

Following is a list of Grand officers and representatives:

Monday evening at 8 o'clock the Encampment degrees were conferred on a number of candidates. These ceremonies were held in the opera house.

The Program.

Following will be the program for the remainder of the session:

Tuesday, 8:30 a. m—Officers and members of Grand Lodge, members of Center Lodge No. 11, and visiting brothers will meet at Masonic Hall.

9 a. m., at Tabernacle—Music. Invocation by Rev. Stuart B. Rogers. Address of welcome on behalf of city by Mayor William R. Thomas. Music. Address of welcome on behalf of Center Lodge No. 11, by Capt. George M. Lynch. Music. Response on behalf of Grand Lodge to addresses of welcome by Grand Master Thomas W. Ralph.

10 a. m.—Opening session of Grand Lodge at Masonic Hall.

3 p. m.—Afternoon session.

8 p. m.—Conferring Rebekah degrees at opera house by team from Naomi Rebekah Lodge No. 10 of Pensacola, Fla.

Wednesday, 10 a. m.—Morning session.

3 p m.—Afternoon session.

8 p. m—Reception to officers and member of Grand Lodge and visiting ladies and brethren.

Reception of Rebekahs.

An informal reception of the Rebekahs was held at the Odd Fellows' Home Monday evening, which afforded the members of that branch of the order a delightful opportunity to mingle together and get acquainted. The reception was held under the auspices of Colfax Rebekah Lodge, of which Miss Gertrude Cushman is Noble Grand, and proved a most enjoyable affair.

The members of Naomi Rebekah Lodge, with the representatives from Pensacola lodge, arrived in a special car via the Seaboard Air Line at 12:40 o'clock Monday afternoon, and were welcomed by the reception committee.

During the reception Naomi Lodge of Pensacola presented the Odd Fellows' Home, in which they have great pride, with a quantity of fine linen which they had brought from Pensacola, and which it is needless to add was highly appreciated.

Dyspepsia of Women

ABSOLUTELY NEEDLESS AGONY

Caused by Uterine Disorders and Cured by Lydia E. Pinkham's Vegetable Compound

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by a derangement of the female organism, and which, while it causes a disturbance similar to ordinary indigestion, cannot be relieved without a medicine which not only acts as a stomach tonic, but has peculiar uterine-tonic effects also.

As proof of this theory we call attention to the case of Mrs. Maggie Wright, Brooklyn, N. Y., who was completely cured by Lydia E. Pinkham's Vegetable Compound after everything else had failed. She writes:

"For two years I suffered with dyspepsia which so degenerated my entire system that I was unable to attend to my daily duties. I felt weak and nervous, and nothing that I ate tasted good and it caused a disturbance in my stomach. I tried different dyspepsia cures, but nothing seemed to help me. I was advised to give Lydia E. Pinkham's Vegetable Compound a trial, and was happily surprised to find that it acted like a fine tonic, and in a few days I began to enjoy and properly digest my food. My recovery was rapid, and in five weeks I was a well woman. I have recommended it to many suffering women."

No other medicine in the world has received such widespread and unqualified endorsement, or has such a record of cures of female troubles, as has Lydia E. Pinkham's Vegetable Compound.

ODD FELLOWS ARE DOWN TO BUSINESS

First Session of the Grand Lodge Was Held Tuesday Morning.

GRAND MASTER RALPH PRESIDED

Opening Exercises of the Day Were Held in the Tabernacle With a Large Attendance—Reception of Odd Fellows at the Dormitory Tonight.

From Wednesday's Daily Sun.

The opening day of the session of the Grand Lodge of the Independent Order of Odd Fellows was one full of glory as far as nature was concerned. There was just the proper temperature to cause those who proposed to participate to feel good, and those who were managing the affair were happy when they awoke early in the morning to find a clear, blue sky, with every indication of the weather being favorable. A great many of the representatives from various sections of the State awoke early and walked about the city, admiring the beautiful water oaks and the surroundings, and returned to their respective boarding houses and stopping places to thank themselves and the actions of their brothers at the last Grand Lodge meeting for selecting Gainesville as the meeting place for 1905.

The day's program was opened with a march from the Masonic Hall, where the Grand Lodge meetings are being held, to the Tabernacle, where the opening ceremonies were held. The procession formed at the Masonic Hall at a few minutes before nine in the following order:

The Formation.

Battalion of cadets from East Florida Seminary, under command of Cadet Major Graham.

Young lady students of East Florida Seminary, under direction of Major W. L. Floyd, and commanded by Captains Miss DaCosta and Miss McLain.

Colfax Rebekah Lodge and visitors of Rebekah degree.

Grand Lodge officers and representatives.

Members of Center Lodge No. 11, I. O. O. F., and visiting brothers.

The procession when complete was fully a block and a half long, and presented a most inspiring spectacle.

Opening Exercises.

The procession moved to the Tabernacle, where the opening ceremonies were held. The meeting was opened by prayer by Rev. S. B. Rogers, pastor of the First Baptist Church, who delivered a most beautiful and appropriate invocation for the "health, happiness and safety of the members of the order," etc., concluding with the remark that he hoped their stay among the people of Gainesville would be pleasant, and that they would receive great good from the meeting which was about to transpire.

In the absence of His Honor Mayor W. R. Thomas, who is in Tallahassee, Hon. Horatio Davis, in a most eloquent and friendly manner, welcomed the visitors to Gainesville, and hoped they would enjoy themselves while guests of our little city.

Captain George M. Lynch, one of the most eloquent speakers in the State, welcomed the visitors in behalf of Center Lodge No. 11. Captain Lynch delivered one of the most impressive addresses of his life, which is saying a great deal, and at its conclusion he was applauded heartily.

The response to the address of welcome was responded to by Grand Master Thos. W. Ralph of St. Augustine, who is an excellent and eloquent speaker. His remarks regarding the city were very complimentary and the order most appropriate.

Grand Lodge Organizes.

At the conclusion of the ceremonies at the Tabernacle the officers and members of the Grand Lodge returned to the Masonic Hall, where they held a morning and afternoon session. These sessions were full of interest, as there was a great deal of important work to be attended to.

In the evening the Rebekah degree held a meeting at the opera house, when work was conferred upon several candidates by a team from Naomi Lodge, Pensacola. The work was said to be very impressive, the members of this lodge manifesting especial pride in the secret work.

Encampment Meeting.

Through an oversight The Sun omitted to state that, at the meeting of the Grand Encampment, I. O. O. F., held Monday, the following officers were elected for the ensuing year:

George R. Pierce of Key West, G. P.; Thos. C. Watson of Pensacola, G. V. P.; W. J. H. Taylor of Key West, G. S. W.; N. E. [illegible] of Gainesville, G. J. W.; Thos. W. [illegible]h of St. Augustine, G. M.; J. W. Blanding of Gainesville, G. I. G.; —. —. Hendry of Orlando, G. O. G.

On Monday evening Alachua Encampment No. 9, J. G. Torrey, Chief Patriarch, held a special session, at which seven applicants were initiated into the mysteries of the order by a special team composed of Grand Lodge representatives.

...LE CHARTER BILL

...Will Probably be Introduced ...y This Week—Protests From North Gainesville Will Receive Due Consideration.

BY L. J. BRUMBY.

Tallahassee, April 17.—The first two weeks of 1905 session of the Florida Legislature have passed into history. So far the promises of a more than usually lively session have not materialized, but then it is very early yet, and two weeks is none too little time for the members to become acquainted, the committees properly organized and in fact the whole legislative machinery to become effective and to work smoothly. From now on events of moment will follow each other rapidly.

The Regent Bill.

It is not exaggeration to say that the most talked of measure, the one that has created most discussion and that promises to be a memorable subject of state within committee rooms and in open sessions of the Legislature, is what is known as the "Regent's Bill," introduced by Mr. Stockton in the Senate and Mr. Wall in the House. This bill, if created into a law, will certainly work a revolution in the system of higher education in the State; for great good, claim its advocates; for great injury, say its opponents. The bill as it stands at present provides for the appointment of a board of fifteen trustees. This board will supercede all existing boards, and will have full control over the following State educational institutions: University of Florida, East Florida Seminary, Florida State College, St. Petersburg Industrial School, South Florida Military College and Florida State Normal School.

A very important amendment has been adopted in the committee and provides that each congressional district please furnish five of these trustees. This gives a fair distribution, as for instance Lake City and Gainesville are in the Second district, Bartow and St. Petersburg in the First and Tallahassee and DeFuniak in the Third. Another proposed amendment is that "no trustee shall come from any county in which any of these schools are located."

The opponents of the measure claim that it is a move toward consolidation and in the sole interest of the University of Florida. This is emphatically denied by its advocates, who say that the sole purpose is in the interest of a better system of higher education, and that the proposed board of trustees would be in a position to foster each institution according to its just needs. Senator McCreary, who is a member of the Committee on Education in the Senate, while awaiting consultation with the superintendent and trustees of the East Florida Seminary, managed in the committee to say some very nice things about the Seminary and its present success and high standing, and by way of parenthesis the Seminary stands very well indeed with this Legislature, if present indications count. The Senator has invited the superintendent and trustees to confer in the matter with himself and his colleagues, Messrs. Rosborough and Tillman, as early this week as possible. The entire Alachua delegation is giving the matter most careful study and consideration.

The Gainesville Charter.

The new Gainesville charter bill will probably be introduced early in the week, or so soon as some point now under consideration may be determined upon. The Gainesville delegation that will be up this week will doubtless include Mayor Thomas, and these points will be discussed. Protests from citizens of North Gainesville continue to be received and are being given due consideration.

The bill for the relief of Marion county suggests the idea that Alachua, through her Board of County Commissioners, might secure reimbursement for rent paid in past years for the armory of the Gainesville Guards.

Brown-Baskin Contest.

The Brown-Baskin contest case is assuming large proportions and promises to be the feature of this week in Tallahassee. A large number of witnesses have been summoned from Marion, Sumter and Dade counties. Mr. Brown has engaged as his leading counsel, Hon. Fred T. Myers. This case will establish a precedent in Florida. Interest in the final outcome is growing.

Under the provisions of the Constitution of 1885 it became necessary this year to provide for the taking of a census of Florida by counties. The importance of this work is clearly apparent to anyone at all familiar with the errors of the United States census of 1900, and the consequent injustice to Florida. It is hoped the census bill will provide for the compiling of agricultural, manufacturing and industrial statistics, as well as the simple enumeration of the population.

All of the Alachua delegation are comfortably situated in Tallahassee, and all are at work, and harmoniously at that. Senator McCreary and Master Elmer, Representative Rosborough and the correspondent of The Sun are at Mrs. J. Stuart Lewis', who has a pretty new home only a few doors from the Capital. Representative Tillman is at Mrs. Moore's. Mrs. McCreary is expected early this week and will remain here until early in May, when she goes to Pensacola to attend the annual meeting of the Daughters of the Confederacy.

The formality of the re-election of United States Senator Taliaferro begins tomorrow, when the two branches of the Legislature vote separately. Wednesday the Legislature meets in joint session and consolidates the vote and it is all over.

Prof. W. M. Holloway will very shortly move into his new residence near the Capital. His chief assistant, Miss Clem Hampton, is very pleasantly located at the Leon. Speaking of the Leon reminds one that Alachua's youngest representative is a striking figure these evenings around the pretty parlors, where pretty women are also wont to congregate. Tillman is a hard worker during the day, but has acquired the excellent habit of wearing a boutonniere and a pleasant smile at night.

POTATO AND MELON CROP PLENTIFUL

Acreage Will be Large in Santa Fe Section Coming Season.

POTATOES ARE IN BLOOM

The Immense Tracts of T. S. Williams and Co., and Santa Fe Produce Company, Will Bear Prolificly—Good Results Anticipated in Other Fields.

Santa Fe, April 18.—The crop prospect is very good here. The farmers are well up with their work; good stands generally of all crops, especially cotton, of which there is a large crop planted.

Owing to the forward spring weather crops are somewhat in advance of last year and are looking well. The rain on Saturday was hailed with joy by the farmers.

The writer yesterday had the pleasure of a pleasant ride over the T. S. Williams Co.'s potato farm in company with its genial and clever superintendent, A. L. Holstein, who is always ready to show those that come the farm and make them feel at ease by his kind hospitality. The farm is located one and one-half miles north of Santa Fe, on what is known as the Barry farm. It is indeed a lovely sight to look upon. The potatoes are now in full bloom and will no doubt give a large yield. Supt. Holstein claims that they are the finest he has ever seen in Florida. He will commence shipping by the first of May.

The writer also visited the farm of the Santa Fe Produce Company, one mile south of the station. It is superintended by J. A. Williams of Alachua. They have thirty-five acres in potatoes that are equal to those of Welborn & Co's.

Several farmers have small patches in potatoes, from one to six acres, which promise an equal yield. Labor will be in great demand here to gather the potato and melon crop.

There are 300 acres in melons in this vicinity which are looking fine, and if they prove a large yield one can guess that there will be something doing to lift the crop of potatoes and melons.

There was a lively time in the Baird quarters Saturday, it being pay day at the mill. As usual, when the train arrives on Friday night those suspicious boxes marked "glass" are put off to make the average "coon" happy, and arouse that well-known brute instinct in him to gamble and fight, which they proceeded to do Saturday. When the scene closed and the scent and smoke of the battle blew over, one could find patches of wool and blood but no "coons." The officers, we are informed, have found some of them with disfigured "mugs" minus wool only in patches.

Grandpapa Futch, who has been on a ten days' visit to relatives at Alachua and High Springs, is expected home today.

Mrs. W. M. Blitch, who has been visiting her daughter, Mrs. J. J. Godwin of Rex, returned home Friday. She was accompanied by her little granddaughter, Jewel Godwin, who will spend some time with her grandparents.

J. E. and J. S. Futch, merchants of Alachua, visited Santa Fe Thursday.

Elias Osteen of Willeford, deputy sheriff of that district, was visiting his brother, Andrew Osteen of Santa Fe, last week.

A certain young lady in this community has found a way to dispose of the surplus cotton without burning. Those that are curious to know can find out by communicating with a certain young man in Santa Fe who made the discovery on the first of April, at dinner, while eating fried puffs.

An Exhibition Drill.

The cadets of East Florida Seminary participated in an exhibition drill for the benefit of the Colfax Rebekah degree and visiting Rebekahs Tuesday afternoon, and acquitted themselves in a manner most becoming. Those witnessing the drill were well pleased.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

In The Sun of Friday there appeared an editorial relative to the Brown-Raskin case now pending before the Senate Committee on Privileges and Elections. Lest this editorial be misconstrued and accepted as an authoritive expression of opinion by Senator McCreary, it is here stated that the editorial in question was written entirely without consultation with the Senator, who, in his official capacity as a State Senator, will of course be solely guided both by the report of the committee and the evidence and argument submitted to the Senate.

TREASURY DEFICIT.

Although the improvements in revenues during the past two months or more have reduced the difference between receipts and expenditures, and cut down the deficit for the year somewhat, the continued advance in the nation's expenditures more than offsets the increased receipts, making the prospect for increased deficit anything but encouraging.

In his last annual report to Congress Secretary Shaw estimated the deficit for the year would be $18,000,000, based on the visible receipts. There are indications that the latter will be fully up to the estimated figure, but expenditures are mounting upward at a rate that promises to be far in excess. The treasury statement issued recently covering the nine months of the fiscal year indicates that, unless there is a marked improvement in receipts, the deficit July 1 will be nearer $25,000,000 than the estimated $18,000,000. For the nine months just closed the receipts were $411,935,967, and the expenditures $436,414,108. The increase of $24,000,000 in disbursements is due to a heavy advance in three items, the civil establishment calling for an increase of $7,000,000, the war department for $10,000,000 and the navy for $14,500,000.

The last three months of the year are always productive of heavy revenues. It is possible the increase will be sufficient to wipe out the difference between Secretary Shaw's estimated deficit and the prospective one, although a comparison of receips for the nine months past and the corresponding period of last year holds out no encouragement, the two running practically the same. The statement just issued emphasizes the necessity of greater economy on the part of the nation or the adoption of some plan which will be productive of a sufficient revenue to meet the demands made upon the treasury and furnish a reasonable guarantee against continued deficits.

OUR PHILIPPINE SUBJECTS.

The following interesting information regarding Uncle Sam's subjects in the Philippines has been boiled down by that progressive journal, The Birmingham Age-Herald:

"The census bureau reports that in 342 islands of the Philippines there are 7,635,426 people. About 9 per cent of that number are considered uncivilized. The population is about three times as dense as that of the United States proper. All are natives except about 50,000, and three fourths of the foreigners are Chinese. The 'Americans' in the islands number 8,135. The rest of the population would be Americans also if the supreme court had not decreed otherwise

"The islands are practically inhabited by Malays, the Spanish and the Chinese elements being inconsiderable, and the persons of mixed blood are less than two-tenths of 1 per cent of the entire population. The civilized Malays are all affiliated with the Catholic church, while the Moros are Mohammedans.

"Over one-half of the population can read English, Spanish or a Malay dialect, but comparatively few can read and write—not even one-fifth of the population over ten years of age. There are now 811,715 scholars in 2,962 schools, but only 37 per cent of the children of school age have been enrolled. Eleven per cent of the scholars in the schools understand the English language, and the expenditures for educational purposes are about $1,500,000 a year.

"The census was taken for the purpose of establishing an assembly or parliament to share in the actual government of the archipelago. This assembly need not be elected until 1907. When it is organized it will divide with the commission the responsibility of government. All in all the census reports show that the archipelago has no reason to complain of Admiral Dewey's action on a May-day morning, and when self-government is within the reach of the people, they will no doubt feel that they are treated fairly."

Dr. Wiley, the expert chemist of the federal department of agriculture, says: "Scientific facts and developments give assurance that the average human life of usefulness will be increased to 70 years instead of 40, and that the maximum of ordinary activity will be increased from the present three score years and ten to ninety years. Then there will be more examples of men who have lived properly who will reach a century of life." How old is Doc Wiley?

It was Friday night at the Leon. A brilliant party of ladies and gentlemen were in the hotel parlors. Speaker Gilchrist was a central figure. A photographer appeared. A flashlight picture was taken. There was an accompanying loud explosion. There was consequent dismay on the adjoining verandas. All except the veteran Senator from Alachua. He said: "I knew it would happen." "What?" said the charming lady in blue. "That Gilchrist was bound to explode. He hasn't had a chance to talk since they made him Speaker nearly two weeks ago. The only wonder is that the explosion didn't occur sooner."—Tallahassee correspondence Times-Union.

...D SENATE SESSIONS

...portant Measures Were Intro...d, Some of Which Were Report...d Upon Favorably, Others Unfavorably—Gainesville Charter Bill.

Tallahassee, April 19—In the House Tuesday morning the committee to arrange for the trip to Pensacola at the invitation of the Chamber of Commerce, and to see the United States naval fleet, reported that low rates had been secured, and those desiring to take the trip would leave Tallahassee Friday afternoon, returning Monday. The report was adopted.

A resolution by Mr. Rawls of Leon, for a joint committee to visit the Colored Normal School at Tallahassee, was passed by the House.

Introduction of Bills.

The following new bills were introduced and referred:

By Mr. Rosborough of Alachua—To provide annuities for soldiers and sailors, and the widows of deceased soldiers and sailors of the State of Florida.

Also a bill to provide for the levy of a pension tax for 1905 and 1906, and to provide for the payment of pensions. This bill fixed the State tax levy for pensions at 4 mills for each of the years 1905 and 1906.

By Mr. Matthews of Bradford—To extend powers of Railroad Commission, so as to give them power and authority to regulate telegraph companies and telegraph charges for transmission of messages, the same as now vested in them to regulate railroads.

By Mr. Olmstead of Brevard—To provide for the creation of St. Lucie county, and for the organization and government thereof.

By Mr. McElroy of Levy—To amend law relative to carrying concealed weapons.

By Mr. Blanton of Madison—To repeal laws relative to appointment, compensation and duties of fish commissioners.

By Mr. Sistrunk of Marion—To amend law relative to working of convicts on public roads of the State.

By Mr. Roberts of Monroe—To amend Revised Statutes in relation to record and conveyances of real estate.

By Mr. Watson of Osceola—To provide system of opening roads in Osceola county.

By Mr. Wall of Putnam—To require the trustees of Internal Improvement Fund to pay into the State treasury all moneys now or to come into their hands as such trustees.

By Mr. McCallum of Walton—To prohibit carrying of concealed weapons.

Return of Battle Flags.

The joint committee to prepare program for the celebration of the return of Confederate flags by the United States to this State presented its report, suggesting a program of exercises for the occasion, to be held in the Hall of Representatives on May 2 at 10:30 o'clock.

Considerations of Bills.

By a vote of 18 to 46 the House refused to reconsider the vote on Mr. Noble's bill to provide for the erection of a governor's mansion.

The House passed the Senate bill, by Mr. Massey, relating to the assessment and collection of taxes by the city of Orlando.

The House bill to amend Chapter 4975, Laws of Florida, relative to a standard of weights and measures for the State, changing the standard weight for a bushel of sweet potatoes from 60 to 55 pounds, was passed, 46 to 12.

Mr. Sistrunk's bill for the relief of Marion county, appropriating $3,260 for rent of armory in Ocala from 1890 to 1904, caused considerable discussion. Mr. Sistrunk eloquently and forcibly presented the merits of this measure, making one of the strongest short arguments heard in the House this session, and in spite of the bill having been unfavorably reported, Mr. Sistrunk succeeded in passing it through the House, by a vote of 38 to 28.

In the Senate.

When the Senate convened the following new bills were introduced:

By Senator Crane—To legalize and validate a certain bonding ordinance and bonding election of the city of Tampa.

By Senator Sams—To amend the law for the preservation of wild deer, birds and other game, allowing but twenty quail per gun and three turkeys per day.

By Senator Massey—Providing for a local system for road work in Osceola county.

By Senator Neel—To amend the law relating to the intermarriage of white and colored persons.

By Senator Scott—To repeal the law providing for the payment of attorneys' fees in garnishment cases.

By Senator Davis—For the relief of S. F. Horsey, M. D., as agent of the State Board of Health for Nassau county.

By Mr. McCreary—To regulate the abolition of special tax school districts; also to regulate the attendance of pupils in special tax school disiricts; also a bill extending the limits and powers of the city of Gainesville.

Concurrent Resolution No. 11—It was resolved by the Legislature to accept the invitation of the Pensacola Chamber of Commerce to visit that city during the presence of the United States warships, and Friday, the 21st inst., was designated as the time for departure, returning not later than Monday.

Bills on Second Reading.

The following disposition was made of bills on second reading:

Mr. Faulkner's bill for the protection of those who have stock killed or injured by another, with or without malice toward the owner, or not having a lawful fence, was ordered engrossed.

Mr. Wilson's bill to limit the amount of bonds that may be issued by any city or town for municipal purposes, was ordered engrossed.

Mr. Blount's bill to define tenacies at will, and to prescribe the mode of terminating them, and to define the status of persons holding over under a written lease after the expiration of the term created thereby, was ordered engrossed for its third reading.

Mr. Crew's bill to amend Chapter 4032, Laws of Florida, the same being an act in relation to obtaining money, or any other personal property, under false promises, or for violation of contracts, and providing penalties therefor, and to prescribe a rule of evidence in such cases, passed its second reading and was ordered engrossed.

Mr. Jackson's bill fixing a penalty for cutting timber on the land of another, was indefinitely postponed.

The Senate adopted the judiciary committee amendment to Mr. Zim's bill enjoining clerks of courts from recording conveyances and mortgages of real estate that fail to comply with the provisions of this act, which was ordered engrossed for its third reading.

Mr. Brown's bill authorizing the county of Marion to issue county warrants for the purpose of remodeling the court house of Marion county, was ordered engrossed.

Judiciary committee amendments to Mr. Zim's bill prohibiting the exaction or the acceptance of a reward, compensation or remuneration by public officers or appointees for the performance, non-performance or violation of any act, rule or regulation that may be incumbent upon them to administer, perform, execute or have executed, were adopted and the bill advanced to its third reading.

Mr. Carter's bill to prohibit the transportation of spirituous, vinous or malt liquors by express companies, railroad companies or other common or public carriers, person or persons, operating drays, hacks, or other vehicles for transport into any county or counties in the State of Florida which have voted against selling spirituous, vinous or malt liquors, met its death on its third reading by a vote of 4 to 26.

The special order for the morning session was consideration of Mr. Scott's bill to repeal the law making incurable insanity a ground for devorce.

Senator Bailey made a speech in advocacy of its passage, after Senator Harris had explained the reasons for an unfavorable report from the judiciary committee. Senator Scott spoke but briefly in advocacy of his bill. On roll call the bill was passed by a vote 22 to 8, and certified to the House.

The Senate then resumed consideration of bills on their third reading. Mr. Harris' bill to change the law relating to the appointment of foreman of grand jury, making it the rule for the presiding judge to select foremen of grand juries, was killed by a vote of 10 to 20.

Senator Massey's bill to amend sections 2434, 2435, 2436 and 2437 of the Revised Statutes of 1892, relating to breaking and entering a dwelling house, other building, ship, vessel, or railroad car, and entering without breaking a dwelling house, other building, ship or vessel, was passed 31 to 0.

Senator Wilson's bill to validate the contracts of persons over the age of 18 years and under 21 years old in cases where entered into through the misrepresentation of the infant as to his age, was passed 19 to 1.

Senator Massey's bill to provide for the purchase, safe-keeping and maintenance of trained bloodhounds for use in the pursuit of criminals, was passed by a vote of 22 to 8.

After an intermission of ten minutes, during which time the Senate voted for a United States Senator, consideration of bills upon their third reading was resumed.

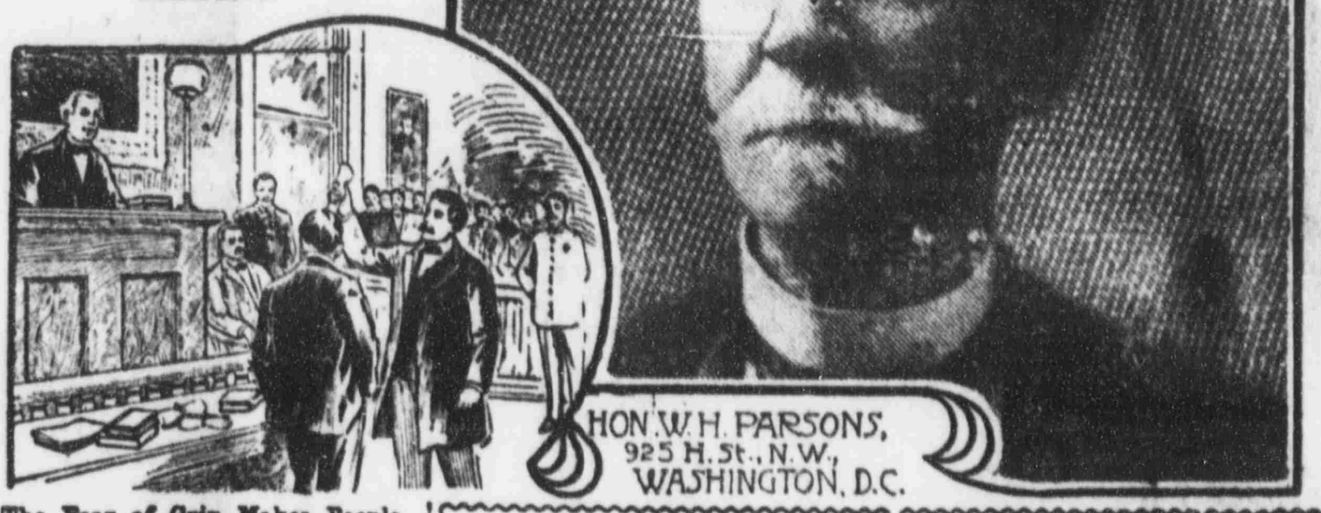
Senator Crill's bill, entitled an act establishing a geological survey for the State of Florida, to provide for the appointment of a State geologist and to define his duties; also to provide for the maintenance of the survey, was passed by a vote of 26 to 1.

JUDGE OF THE SUPREME COURT

Was Alarmingly Afflicted With La Grippe. Cured by Pe-ru-na.

The Grip is Properly Termed Epidemic Catarrh.

As Pe-ru-na Cures Every Form of Catarrh, It Has Relieved More Cases of Grip Than All Other Remedies Combined.



The Fear of Grip Makes People Nervous.

There is no remedy in the world that meets the conditions produced by the grip better than Peruna.

Peruna strengthens as it renovates, soothes while it stimulates, heals as it expurgates.

Peruna is not a purgative, or cathartic or sedative, or stimulant, nor a vegetable or mineral poison.

It reaches the source of all diseases of the mucous membranes by its action on the vaso-motor system of nerves.

After-Effects of the Grip.

Every person who has had la grippe during the last year should take a course of Peruna. No one need expect perfect recovery unless they do so.

The grip has produced catarrhal inflammation of the whole mucous membrane, and good health is impossible until these are restored to a normal condition. This Peruna will do.

A great many remedies have been suggested for this condition from time to time, but Peruna is the only remedy that has any substantial value in these cases.

It has never failed to give satisfaction during forty years' experience and still occupies the unique position of being the leading (if not the only) specific remedy for the after-effects of la grippe.

No Time Like the Present.

If you are suffering from the after-effects of la grippe—if you have become discouraged in your attempts to cure yourself with other treatments, take a bottle of Peruna now.

A bottle of Peruna taken during the beginning of the disease is worth more than a dozen bottles after the trouble has become deep-seated.

W. H. Parsons is Ex-State Senator and Ex-Special Judge of the Supreme Court of Texas, and was also Brigadier-General in Confederate Army. In a recent letter from 925 H street, N. W., Washington, D. C., this prominent gentleman says:

"Upon the recommendation of personal friends and many strong testimonials as to the efficacy of Peruna in the treatment of the numerous symptoms of the grippe with which I have been afflicted for four months past, I have been induced to undergo a treatment with this justly celebrated formula. I feel a decided change for the better after using it only one week.

"It is especially good in toning up the stomach and has had a decided effect upon my appetite. I therefore feel much encouraged that I am on the road to complete restoration.

"My numerous friends in Texas, where I have had the honor to command a brigade of her Veteran Cavalry in a four years' war, may accept this voluntary testimonial to the merits of Peruna as a sense of obligation on my part for its wonderful efficacy."—W. H. Parsons.

Miss Eugenie Lafortune of 110 Berrie street, Montreal, Can., writes:

"Peruna cured me of a severe case of la grippe when nothing else had any effect on me. Five bottles did the work and they were worth hundreds of dollars for the comfort and health restored to me. I therefore feel that the least I can do is to gratefully acknowledge its merits."—Eugenie Lafortune.

A reward of $10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

"BLOOD ON CALVARY."

Old Colored Mammy's Voice Was Distinct for Thirty Miles.

The service of the East Florida Telephone Company is one of perfection, and patrons of the line have no "kick" in this direction. The instruments are first-class, and the sounds are as distinct as if the persons were talking within a few feet of each other.

The reporter had occasion Tuesday to call up Rochelle, and while waiting for an answer, enjoyed a rich melody of that famous hymn, "Blood on Calvary," which was being rendered by some old "mammy" of the ante-bellum type at a home near Hawthorn. The reason the reporter knew it was a colored voice was by the accent, and the reason he knew it came from near Hawthorn was because of the fact that it was the only point on that line where a telephone was located in a residence.

It was surmised that this "mammy" was rocking a baby to sleep, as the vibration of the rocker could be plainly heard, so sensitive was the line. It was so natural that one could imagine seeing the dear old woman as she rocked with the baby closely nestled to her breast.

ABSTRACT COMPANY IS INCORPORATED

Letters Patent Issued to Alachua County Abstract Company.

COMPANY ENJOYS PROSPERITY

Has Always Enjoyed a Good Business, But Has Changed Management Owing to Circumstances Over Which Nature Had No Control—The Officers.

Letters Patent have been issued by the State of Florida, through the proper channels, to the Alachua County Abstract Company, with the result that that corporation is now a full-fledged corporation, doing business under the prescribed laws of the State of Florida. This does not mean that the Alachua County Abstract Company is going into the corporation business like some of the fellows we read about, but it means a multiple benefit and protection to the owners and to the public—a benefit which must naturally accrue to both.

The Alachua County Abstract Company has been here for several years. It was established many years ago, and has passed through several hands and several managements—not because it has not been a profitable investment and furnished profitable information, but simply by conditions and circumstances arising from time to time which meant a change. B. R. Colson, the present secretary and treasurer, absorbed the business at the death of W. C. Jackson, with whom he was associated at that time, and has always conducted the business and affairs in a manner commendable. The stock in trade of the company is a large and carefully prepared set of abstract books, from which valuable items of information to those interested have been secured, and which will in future serve to protect the prospective buyer, as well as the present owner, from incorrectness in the matter of land records.

The present officers of the company are P. M. Colson, president; J. W. Blanding, vice-president; B. R. Colson, secretary and treasurer, and manager. The latter is a young man perfectly capable of handling the business entrusted to him, and the new company will no doubt be enabled, by its corporative prestige, to considerably increase its prestige and business.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Sold by J. W. McCollum & Co.

Municipal Ownership for Vienna.

Vienna, Austria, April 18.—The municipal council has decided to buy out the society which has charge of the gas illumination and to take the department under the direction and ownership of the city, says a World dispatch from Venice. The same movement is now on foot in the other Italian cities.

A Thousand Dollar's Worth of Good

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

French Cruiser at Charleston.

Charleston, S. C., April 18.—The French cruiser Troude, Captain Montet, now in port from Havana, will probably sail today for Washington. The cruiser previously stopped in at her way south and officers and men have been renewing acquaintances.

Last Hope Vanished.

When leading physicians said that W. M. Smithart of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed, 50c and $1.00 bottles at all drug stores. Trial bottle free.

... BILLS READ

...troduced, Others Were
... Second Reading and En-
..., While Still Others Were
...—Prominent Visitors.

...allahassee, April 18—The House members tackled the subject of a Governor's mansion Monday morning, and while the members objected to the particular bill under discussion, it was evident that a majority of the House favors an appropriation for the building of a Governor's mansion under certain conditions. The bill under discussion was the one introduced by Mr. Noble of Lake. The committee to whom it was referred reported it adversely, and the chairman of the committee explained that such action was against that particular bill, and was not the sense of the committee on the proposition. The bill was laid on the table by a vote of 44 to 14, but many explained that they favored the proposition to build a Governor's mansion, but did not approve the method suggested in Mr. Noble's bill.

In the House Monday morning, General Jewell of Orange offered a petition from the Florida division, United Confederate Veterans, to remove the age limit of sixty-five years from the pension laws of Florida.

The select committee on State institutions and the public health committee were allowed a clerk.

Mr. Noble of Lake offered a concurrent resolution relative to appropriations for institutions of learning—for a joint committee of seven, to examine into benefits now derived by the people at large from these institutions, whether any of the schools can be dispensed with, and which ones—designating under what name and character and for what purposes such institutions shall be retained.

Mr. Pirrong of Calhoun offered a resolution for a special committee of nine, five from the House and four from the Senate, to select and designate such colleges of this State to be the recipients of State aid, and to create a fund to be set apart for the support and maintenance of said colleges.

Mr. Johnston of Pasco offered a resolution tendering the Hall of Representatives to the Good Roads Convention on the evening of April 25. This was adopted.

Introduction of Bills.

The following new bills were introduced:

By Mr. Wells of Hillsboro—A memorial to Congress to amend pension laws of United States increasing Mexican War pensions from $8 to $12. Also a bill for relief of David L. Crum. Also a bill to validate a bonding ordinance of the city of Tampa, an election thereunder and the bonds issued in compliance therewith.

By Mr. Paul of Holmes—Relative to working and maintaining public roads and bridges in this State.

By Mr. Wartmann of Marion—To authorize Ocala to combine certain offices of the city and for other purposes. Also, a bill authorizing Ocala to assess and collect certain taxes.

By Mr. Johnston of Pasco—To amend the law relating to obtaining money under false pretenses, and violation of contracts. Also, a bill relative to the right to and life of executions. Also, a bill to amend Chapter 5260, relative to the employment by county commissioners of labor of persons committed by county courts and held in jail for misdemeanor, but not convicted.

By Mr. Dorman of Suwannee—Relating to delivery of messages by telegraph companies and others in towns of 500 or more inhabitants.

By Mr. Smith of Volusia—Relative to the municipality of New Smyrna.

By Mr. Kirkland of Lake—To provide punishment for pools, trusts and conspiracies to control prices.

By Mr. Bryan of Washington—To provide revenue for the State from collateral paper, mortgages, notes, contracts, liens, loans and all other papers given for a consideration and entitled to be recorded in any county in this State. The fee fixed is 20 cents on each $100.

Order of the Day.

General Jewell's motion to reconsider the vote by which the bill relating to carrying of firearms requiring the securing of a permit to carry a shotgun, was taken up. The motion prevailed, and the bill was made a special order for next Monday at noon.

The bill by Mr. Wartmann of Marion, relating to binding witnesses over by justices of the peace and county judges, when sitting as committing magistrates, to appear before the grand jury, was passed 48 to 0.

Bills on Second Reading.

The bill to enlarge the powers of the city of Daytona, introduced by Mr. Smith of Volusia, was read the second time and ordered engrossed.

Mr. Crawford's bill relating to the posting of lands, and Dr. Julian's bill to legalize and validate all warrants heretofore issued by boards of county commissioners for work and materials in constructing court houses and jails for county purposes, were read the second time and ordered engrossed.

Committees Announced.

Speaker Gilchrist announced the following committees:

Members on the part of the House to visit the convict camps—Messrs. Robison of Leon, Tillman of Alachua and McElroy of Levy.

Members on the part of the House to visit the Florida Hospital for the Insane—Messrs Knight of Citrus, Fillingim of Escambia and Sledge of Jefferson.

Committee to draft resolutions in respect to the memory of the late chief clerk of the House, Dr. William Forsyth B. Bynum—Messrs. Crawford of Orange, Hall of Suwannee and Parsons of Columbia.

In the Senate.

The Senate met at 4 o'clock Monday afternoon and necessarily held but a short session. New bills introduced included the following:

By Mr. Hudson—To create St. Lucie county and to provide for its organization and government. This is a proposition to divide Brevard county. Mr. Hudson also introduced a bill to punish the sale, gift and exchange of intoxicating liquors with the Seminole Indians.

By Mr. Massey—To amend the revised statutes relating to petty larceny.

By Mr. Blount—To amend the law providing the government of the city of Pensacola.

By Mr. Harris—To provide for the appointment of State game commissioners and county game wardens, and to repeal the act of 1897.

By Mr. Brown—Authorizing the city of Ocala to make assessment and provide for collection of taxes; also, authorizing the city of Ocala to combine certain offices.

By Mr. Gillen—Authorizing city or town clerks to appoint deputies; also, requiring councils and boards of aldermen to hold open sessions.

The House bill amending the law relating to the powers of the City Council of Live Oak was passed.

Mr. Jewell's concurrent resolution regarding the return of the Florida battleflags was adopted.

Mr. Stockton's bill creating a board of control for the educational institutions of the State when reached on its second reading was made a special order for next Monday at 4:30 p. m., in order that it might be fully considered.

Dr. Crill's pure food bill was ordered printed, so that its provisions may be more fully understood before further consideration.

Judge Raney announced that the next hearing in the Baskin-Brown contest would be held at the local place on Wednesday afternoon at 4 o'clock, and he stated that all were invited to attend. The Senate then adjourned.

On motion of Senator McCreary, the bill to create a general State board of trustees for all State educational institutions was made the special order in the Senate for Monday afternoon at 4:30 o'clock. The debate on this matter was most interesting. It was desired to call up the bill Wednesday, but after a short debate the Senator from Alachua carried his point. Several hundred copies were ordered printed.

Among the distinguished visitors to the Capital City are Mayor W. R. Thomas, Prof J. M. Pound, Dr. J. F. McKinstry, Jr., Dr. J. L. Kelley and Sheriff L. W. Fennell of Gainesville, and Dr. J. D. Watkins of Micanopy.

COUNTY JUDGE'S COURT.

Man Accused of Larceny of Hogs Was Acquitted by a Jury.

There was an interesting session of Judge Mason's court Monday, being the case of the State vs. Wesley Busch, charged with the larceny of a hog by T. J. Shirley.

The defendant was arraigned and pleaded not guilty, whereupon a jury was called as follows: Robert L. McKinstry, A. J. DaCosta, C. H. Sligcher, D. A. Robertson, Neill Thomas, A. R. Harper.

The jury having been sworn, nine witnesses for the State were examined, at the conclusion of which, the defense, through Attorney Evans Haile, stated to the court that the defense had no testimony to offer, whereupon the jury returned and with little delay brought in a verdict of not guilty, and the defendant was discharged.

Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves.

Dr. Miles' Restorative Nervine is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nervine and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I would become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The Nervine seemed to strengthen me right away and my circulation was better. I have taken in all seven bottles of the Nervine, and I am entirely well."
ROSA E. WEAVER, Stuarts, Ia.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Tuesday's Daily Sun:

Mr. and Mrs. J. C. Haile of Alachua visited friends in this city yesterday.

W. C. Nipper and Timothy Bailey of Newberry were in the city yesterday.

W. T. Chesnut, the merchant of Arredondo, was a visitor to this city yesterday.

Engineers John Quinlan and Ed Hogan of the Atlantic Coast Line, with headquarters in High Springs, were here yesterday.

The Harrison home, corner East Orange and North Oak avenues, is being improved by the construction of a spacious veranda about the place.

Misses Ida and Fannie Burkhim left Sunday for Montgomery, Ala., where they will visit relatives. Friends wish them a pleasant sojourn, as will no doubt be the case.

R. F. Lewis of Trenton, a prominent tie contractor who has made a success, is in the city as a delegate to the Grand Lodge of Odd Fellows, representing Suwannee Lodge.

Harry Pearce, who is attending the Atlanta Dental College, is at home for a few weeks, the institution having adjourned for the term. While here Mr. Pearce will be associated with Dr. J. H. Alderman.

Mrs. Marcus Endel and son, Marcus, Jr., departed Sunday for Birmingham, Ala., where they will spend a few weeks with relatives. Mr. Endel, who accompanied them as far as Jacksonville, returned to his home yesterday.

Mr. and Mrs. Hawthorn and children of Indiana, who have been for the past few weeks occupying the Palmer cottage, North Gainesville, have returned to their Northern home. They were well pleased, and expect to return next year.

The Shady Grove Primitive Baptist Church, colored, expect to hold the annual State conference in this city for five days this week, beginning tomorrow, Wednesday, and continue until Sunday. Delegates are expected from every section of the State.

Mrs. Wm. Sutherland of High Springs is in the city, a guest of her sister, Mrs. M. B. Saunders. Mrs. Sutherland is an enthusiastic member of the Rebekah degree of the Odd Fellows, being Noble Grand of the Esther Lodge. She is here to attend the meeting of the Grand Lodge.

J. A. Williams, one of the progressive citizens of Alachua, was among the business visitors to this city yesterday. He reports Alachua and its people prosperous, and says if Gainesville don't look to her laurels Alachua will be the leading town of the county after a while. While here Mr. Williams made The Sun an agreeable call.

Miss Elizabeth Nichols of Kingston, Mass., and Mrs Henry L. Revere of Brookline, Mass., after a season delightfully spent as guests of the former's brother, Col Nichols, departed for their respective homes yesterday. These ladies have many friends here who regretted very much to see them leave, but who will gladly welcome them again next season.

Rev. Thos. P. Hay departed yesterday for McIntosh, where he will be present at the meeting of the Presbytery of the Suwannee, which will convene today and will continue for two or three days. This meeting is a meeting which is held regularly by the Presbytery, and which is destined for the general benefit of the church throughout the territory. That Mr. Hay will represent his church in a clever and efficient manner there is no doubt.

Mrs. Tom McCarroll of Long Beach, Miss., after a pleasant visit to Mr. and Mrs. M. G. McCarroll in this city, departed Sunday for Williston, where she will spend a few days as the guest of her father, James Mixson. Mrs. McCarroll states that she and her husband are nicely situated in Long Beach, where the latter holds a responsible position in the civil service department of the United States army. She is well known here, and her friends were delighted to see her again.

The material for the building to be erected by L. L. Hill, East Liberty street, is being placed upon the ground, and work will begin within a short time. As has been stated before, the building will be of brick, and will be used for store purposes. The front will be of Georgia pressed brick, extra fine, while the side and rear walls will be constructed of durable brick of Florida clay. Mr. Hill expects to have the stores ready for occupancy within three months. The building will be one story, and will contain five stores. It is understood that all have already been engaged.

From Wednesday's Daily Sun:

Chas. Ford of Newberry was in the city yesterday.

L. J. Knight and W. S. Roberts of LaCrosse were among the visitors to this city yesterday.

H. J. Jolly of Newberry was in the city yesterday on business connected with the United States land office.

Miss Lutie Holder of Rochelle, after two days pleasantly spent with Mrs. J. L. Kelley, has returned to her home.

Miss Ruby Sparkman, a charming young lady of Waldo, after making the Misses Ellis a short but pleasant visit, has returned home.

Mrs. Hopkinson of Tacoma was shopping in the city yesterday. She was formerly a resident of this city, where she had many friends.

J. C Harrell of LaCrosse is in the city. Mr. Harrell is a prominent Odd Fellow, and is attending the Grand Lodge here as a representative of his lodge.

Misses Sadie and Linwood Meredith, of the village by the same name, were among the visitors to this city yesterday, being guests while here of the Brown House.

After a brief visit to this city J. E. Hudson, the lumber manufacturer of Hampton, returned to his home yesterday. Mr. Hudson formerly resided in Gainesville, and has many friends here who are always glad to see him.

Bargains—Splendid lot of 3-inch and 4-inch spival rivited pipe at a bargain. Also large lot of 1-inch, good as new, Standard wrought iron pipe and lots of other things. Write me if you need anything. G. W. Moyers, Gainesville, Fla.

J. M. Tison of Ocala, who has been visiting friends and relatives in this city for the past few days, departed yesterday for Earleton, where he will spend a few days as the guest of his brother, A. D. Tison, and family. Mason states that while he is pleased with Gainesville and his friends here, he has a "kinder feelin'" for the Brick City and its people.

The reporter was shown the delinquent tax list of the city yesterday, and the collector, in a very distressed manner, pointed out the names of many of the most prominent and largest tax-payers, who up to this date have failed to respond to his earnest appeals, and now he makes this last effort and requests the reporter to notify those interested that the list will be given The Sun for publication about the 25th inst. After this the costs will be added to the amount of taxes, therefore the collector begs that you take notice and govern yourselves accordingly.

READ THIS.

Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Ayer's

You know the medicine that makes pure, rich blood—Ayer's Sarsaparilla. Your mother, grandmother, all your folks, used it. They trusted

it. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

"I suffered terribly from indigestion and thin blood. I found no relief until I took Ayer's Sarsaparilla. Four bottles permanently cured me."
MRS. F. R. HART, Mt. Kisco, N. Y.

$1.00 a bottle. All druggists. J. C. AYER CO., Lowell, Mass.

for

Rich Blood

Ayer's Pills are gently laxative. They greatly aid the Sarsaparilla.

J. P. Craig and family of Kirkwood were in the city yesterday. They are originally from Mississippi, and came here a few months ago to live. They are not satisfied, however, and have decided to return to their old home. They were accompanied by Mrs. Sinquefield, mother of Mrs. Craig.

Mr. and Mrs. Henry H. Sapp of Trenton, after a couple of days spent in this city, have returned to their home. They came on account of the illness of Mrs. Elisha Sapp, who is confined at the Odd Fellows' Sanitarium with a surgical operation performed a few days ago. While the patient is resting easily, physicians state that another operation will be necessary, which will confine Mrs. Sapp to the hospital several days more.

From Thursday's Daily Sun:

Lewis Rawls of Alachua was in the city yesterday.

J. L. Shaw of Bellamy was trading in the city yesterday.

Three more days of the great Corset sale. New York Racket.

The Misses Cato, charming young ladies of Alachua, were shopping in the city yesterday.

Pine stove wood for sale, $3 per cord delivered. H. G. Kennard, 808 S. University St. d6t

Mesdames Moore King and J. A. Rosborough of Windsor favored this city with a visit yesterday.

P. B. H Dudley, a progressive farmer of the Jonesville district, was among the traders in this city yesterday.

Warranty Deeds for sale at this office; 50c per dozen, $2.50 per hundred. Cash must accompany order.

W. J. Hodge of Alachua, one of the most widely known citizens of that town, was a business visitor to the city yesterday.

Mrs. John Blake, formerly of this city but now residing at Palmetto, is visiting her sister, Mrs. George Doig. Friends are glad to see her.

Strayed—One dark bay horse, five or six years old; one foot white, white spot in forehead and gray hairs across nose. Reward if returned to J. O. Elvington, Otter Creek, Fla. d1w2

S. L. Crews of LaCrosse was in the city yesterday. He is a progressive farmer, and brought to market a load of sweet potatoes which he sold readily at a fair price.

For Sale—Thoroughbred Barred Plymouth Rock eggs. My cockerels are from Biltmore farm. One dollar for a sitting of 15 eggs. Mrs W. R. Dreher, Micanopy, Fla. w-1w-3wks

Friends of Mr. and Mrs. Jerry H. Owens of Savannah who formerly resided here, will regret to learn of the death of their baby, three months old, which occurred in that city on Saturday of the past week.

T. J. Faus, one of the valued employes of the composing rooms of The Sun, has returned from Bayard, St. Johns county, where he has been for the past week as the guest of his brother, Rev. Oliver Faus.

E. E. Slappey, the extensive melon grower of Micanopy, was among the visitors to the county capital yesterday. Mr. Slappey states that his acreage is large, that the vines are looking well, and that he anticipates a big crop the coming season.

A force of workmen has been engaged for the past two days digging foundations and placing the heavy curbings about the court house square preparatory to laying the vitified sidewalks recently ordered by the county commissioners. Work will begin in a short time, and within the next few weeks the sidewalks about the court house property will be among the best in the State.

Justice J. [illegible] Chamblin of Archer, one of the most efficient officials in that county, was in the city on business yesterday. Justice Chamblin has many friends here who are always glad to see him. He reports matters at Archer rather quiet now, since the farmers are busy with their crops.

After spending a couple of months pleasantly at the home of Mrs. L. A. Thrasher, Mrs. H. F. Thayer of Manchester, N. H., departed for her home Tuesday. She is well pleased with Gainesville, and expresses her determination to return early next season. She made many friends here who will be glad to welcome her again.

Wanted—Bids to construct cesspools at county jail. Any persons desiring to bid may secure plans, specifications, etc., of the undersigned, Gainesville, Fla. Bids will be opened at the regular meeting in May, which will be May 2. The Board of County Commissioners reserves the right to reject any or all bids. C. C. PEDRICK, County Commissioner. d2w-w2t

The furniture and shelving belonging to the estate of Dr. M. Giddings, deceased, which was recently purchased by J. R. Williams of Alachua, was removed to that town yesterday. Mr. Williams proposes to establish a drug store in Alachua, and inasmuch as the furnishings were in good condition and practically modern, he decided to purchase them.

F. S. Osteen of Micanopy was in the city yesterday. Mr. Osteen is a naval stores operator, and has enjoyed great success in this field, having one of the most prolific farms in Alachua county. He was en route to Delwood, Jackson county, where he proposes to purchase an interest with his brother-in-law, F. H. Herrin, who is engaged in the same business. Mr. Osteen has no idea of relinquishing his interests in Alachua county, however.

A. U. Hilleary, formerly of Micanopy, but now making his home "on the road," was in the city yesterday. Mr. Hilleary is representing John V. Denton & Co., commission merchants, New York, and reports that he is making many consignments. He has just returned from a six weeks' trip to Largo and other points, and states that during this time he has consigned 5,000 boxes of choice oranges, all of which have brought good prices.

Mrs. H. H. McCreary departed Tuesday for Tallahassee, where she expects to remain for a couple of weeks with her husband, Senator McCreary, and son, Elmer McCreary, a page in the Senate. Mrs. McCreary has many friends in Tallahassee who will be delighted to greet her again. From the State Capital she will proceed to Pensacola early in May, where she will attend the State convention of the United Daughters of the Confederacy, being chairman of the delegation of Kirby Smith Chapter here.

N. Eisenberg of Savannah, the clever traveling salesman for Gustave Eckstein & Co., dry goods and notions, after spending a couple of days profitably and pleasantly here, departed yesterday for Starke. Mr. Eisenberg has been for several years a valued subscriber of The Sun. He is a friend of Gainesville, and has a great deal of confidence in the commercial and industrial future of the city. He never loses an opportunity in his travels to "throw in" a good word for the city and its people, whom he declares are among the best on earth.

Always Liberal to Churches.

Every church will be given a liberal quantity of L. & M. paint. Call for it.

4 gallons Longman & Martinez L. & M. Paint mixed with three gallons linseed oil, will paint a house.

W. B. Barr, Charleston, W. Va., writes: "Painted Frankenburg block with L. & M. Stands out as though varnished."

Wears and covers like gold.

Don't pay $1.00 a gallon for linseed oil, which you do in ready-for-use paint.

Buy oil fresh from the barrel at 50 cents per gallon and mix it with L. & M.

It makes paint cost about $1.20 per gallon. Sold by S. J. Thomas, Gainesville; J. C. Bishop, Alachua.

"Key to Florida Teachers' Examinations"

From establishment of uniform system in 1894. You need the work in reviewing for June examination. Widely used. Write for endorsements. Enclose ad with one dollar bill and nine cents postage, at my risk, for postpaid copy. AL. H. FOSTER,

20 Castle Hall, 111 W. Forsyth St., Jacksonville, Fla.

Special—Questions in full, separate books, mailed free with each copy ordered before June examination.

SATINOLA is a new discovery, guaranteed, and money refunded if it fails to remove the worst case of Freckles, Pimples, Tan, Sallowness, Liver Spots, Blackheads, or any skin eruption in 30 days. Leaves the skin clear, soft, healthy, and restores the beauty of youth. Thousands testify to the merits of Satinola.

Miss Alice Lirette writes: Thibodeaux, La., Oct. 15, '04.—"For four years my face was completely covered with freckles and pimples. All remedies failed, until I used two packages of Satinola, which completely removed the freckles and pimples. My complexion is now perfect, and hope every lady having freckles or pimples will try Satinola." Price 50c and $1.00, by leading druggists, or mail.

NATIONAL TOILET CO., Paris, Tenn.

Sold in Gainesville by J. S. Bodiford & Co., J. W. McCollum & Co., W. M. Johnson and all leading druggists.

Chas. R. Carter, formerly conductor of the Atlantic Coast Line between High Springs, Micanopy and Citra, more recently a merchant of Ocala who disposed of his interests, and again a prospective conductor, was in the city yesterday. Charley, as he is familiarly known, is a popular railroad man. He has been in the business for several years, and, as the old saying goes, "is not fit for anything else," hence we may not be surprised to see him with his long-tail coat and conductor's cap any time. He was quite popular among the people along his run.
